

Moran Remains Silent As Senate Kills Quiz

Severson Compares Case With
Lorimer And Newberry
Affair

GAREY LEADS OPPOSITION
Delinquent Senator Does Not
Wish To Make Statement
On Floor

By Associated Press
Madison—The senate Thursday killed 18 to 12 the Severson resolution calling for an investigation of alleged malfeasance on the part of state officials and on facts surrounding the disappearance last week of Senator Barney Moran.

Senator H. J. Severson, author of the resolution, had previously asserted that he would ask a grand jury investigation of charges he says have been made against state officials. He did not say on the floor whether this action will now be taken.

Opposition was directed to the resolution on the ground that it failed to state specific charges against legislators or officials. Speakers pointed out that a law enacted by the present legislature would permit the houses to remove any state officials for cause by an affirmative action and without reference to the governor.

SOCIALISTS JOIN OPPOSITION
Socialists joined with eight Progressives and five stalwarts to kill the proposed inquiry into the alleged malfeasance of state officials and legislators.

Senator A. E. Garey, Edgerton, floor leader of the administration, led the fight against the suggested quiz. He declared that he would favor "any investigation when there was something to investigate," but he said, "when two or three senators from political animus make charges that are not worth the paper they were written on, based upon something that may have been gathered in a barber shop or sewing circle, I am opposed."

Senator Garey challenged the movers of the resolution to show that they had offered any proof to the governor or made any charges to him that there had been malfeasance on the part of state officials. He urged a grand jury investigation as the proper means of attacking the problem.

SEVERSON ASKED TO EXPLAIN
Senator Severson, when asked to explain his resolution rose and declared that "in view of the fact that senators had said on the floor that there was no telling where an investigation would lead," it would not be necessary for him to explain the resolution.

"I don't see how any senator who stands for common decency and good government can vote against this measure," Senator Severson said. "Let me suggest, 'The Senate will investigate'—the same arguments are made here as in the case of Lorimer and Newberry that there was no basis for charges and that there should be a grand jury investigation."

The senator said that "men in charge of departments have been in custody of officers and taken to the county jail," and asked if they would not appear to give grounds for an investigation.

Senator Henry Roethli opposed the resolution on the ground that it did not afford a proper subject for legislative inquiry and would tend to lengthen the session. He said that questions of policy were involved that should not be taken up by the senate.

Senator Moran in the investigation said that he did not wish to make a statement on the floor. He said that if the resolution were adopted he would explain his disappearance to the committee, and if killed, would be glad to explain later to the senate. But pending the outcome of the resolution, he declared that he had nothing to say.

Senator John Cashman opposed the resolution declaring that "if we start this thing there is no telling where it will end. It will produce trouble and no investigation ever accomplished anything."

The senator said that if there is anything against the state commissions, the state has two state laws which might be imposed. He declared that the senate would defeat the purpose of the farmers of the state who sent them here if they started an investigation which he declared would muddle the tax controversy.

There was little said by proponents of the resolution. The explained that if the senate wished to suppress facts which they claim point to the need of an investigation, that the senate has that prerogative. All they asked for was a roll call.

Sues For Millions

A suit for half the fortune of Frank Jay Gould, estimated at \$20,000,000, will be carried to the highest court in France and the United States by Edith Kelly Gould, his former wife according to an announcement made by her lawyers.

HARDING URGES ALL LEARN U. S. ANTHEM

President Says 2-Per Cent Know
Words Of "Star Spangled
Banner"

By Associated Press
Washington—President Harding urged the American legion's flag conference, opening here Thursday, to adopt a code of rules and regulations for the proper display of the flag and to include a provision that every American citizen should learn to sing the national anthem.

"While you are adopting a code whereby the citizenship of America may show due reverence to the flag," the president said in an address to the conference, "I would like you to go a step further and insist upon Americans being able to sing 'The Star Spangled Banner.'"

"I have noted audiences singing— I should say trying to sing—the American national air, but outside of about 2 per cent they are only mumbling or pretending to sing. I would like to have the spirit of America show itself in song. I hope you will insist upon some suitable provision to that end in your code."

While advocating the exercise of proper reverence for the flag, the president said it should not be forgotten that American citizens have another obligation "to maintain in America unimpaired the things for which the flag stands."

SENATE ENGROSSES HECK TAX MEASURE

Assembly Passes Hanson Bill
Affecting Payment Of
Back Taxes

By Associated Press
Madison—The Heck bill, levying a 2 per cent highway privilege tax to supplant the present personal property tax on automobiles, was finally engrossed by the Senate Thursday, 17 to 11. Two previous attempts to engross similar bills failed. The proposed tax would yield about \$2,500,000.

The C. E. Hanson bill, repealing the personal property offset in the income tax and in occupation taxes on grain storage and coal, was engrossed by the assembly Thursday 67 to 16. An attempt to put the bill on final passage failed for want of the necessary majority.

The assembly Wednesday finally passed another bill by Assemblyman Hanson prohibiting the use of the personal property offset in the paying of back taxes.

Two senate joint resolutions were concurred in by the assembly: one memorializing congress to enact a law requiring coal operators to supply proof of quality of coal sold and the other urging the Postmaster general to grant mail carriers Saturday afternoon off.

BARRON CREAMERY MAKES 8½ TONS OF BUTTER IN DAY

Barron—More than eight and a half tons of butter in a single day is the record made by the Barron Creamery on Wednesday afternoon in Bay View, Wis. The creamery was required to meet this requirement. The output consisted of 247 tubs of sixty-four pounds each, 1,170 pounds of print butter, a twenty-two pound tub and fifty pounds sold during the day, a total of 17,050 pounds.

U. S. PROPOSES WORLD TREATY ON LIQUOR LAW

Sealed Booze Permitted In
Exchange For Hunt And Grab
Right In 12 Mile Zone

By DAVID LAWRENCE
Copyright, 1923 by The Post Pub. Co.
Washington—Foreign governments have notified the United States government that they believe America is abandoning the comity of nations in enforcing within the three mile limit the prohibition against liquor rations carried under seal for use on the high seas.

Secretary of State Hughes in turn has told the principal powers that while he recognizes the inconvenience to which they are put, there is an even greater inconvenience to America practiced by foreign governments in permitting their flags to be used by the rum fleet outside the three mile limit.

The United States government, therefore, has proposed a reciprocity treaty whereby America would relax her restrictions with respect to cargoes of liquor carried under seal to American ports for use outside the United States, provided foreign governments would raise no objection to the search and seizure of foreign vessels coming within twelve miles of American shores. It is the belief of the American government that no rum fleet could operate effectively twelve miles out, because of the difficulty small boats would have in transporting liquor to shore from such a distance, especially with the weather and storm handicaps that far out.

NO PRESENT RELIEF
The exact procedure would be this: No relief can be granted at present because the Supreme court has said the law of congress permits no exceptions to the carriage of liquor cargoes by any vessels entering American ports even if in transit to another country. Congress, however, has the absolute right to relax the restrictions and write into the law specific exceptions. This is because the eighteenth amendment seeks to prohibit simply the introduction of liquor into the United States for beverage purposes. Liquor held under seal would not be introduced into America but carried out to sea immediately upon the departure of the ship.

But congress would not be persuaded to make such an exception and meet the convenience of foreign governments so long as there exists what is described as an intolerable situation just outside the three mile limit.

The secretary of state, with the approval of the president, has undertaken to sue the treaty making power to modify the existing law of congress. Any treaty which receives the assent of two thirds of the senate becomes the law of the land. Instead of having congress make the exceptions, the administration has decided it would be simpler for the Department of State to negotiate a reciprocity treaty with foreign powers whereby something is given to the United States in exchange for something by the United States to outside powers.

This kind of a trade is not unusual in diplomacy. While no objections can be foreseen from this side of the Atlantic, the attitude of foreign governments probably will depend on how much influence foreign producers of liquor engaged in rum running now have with their own governments.

ANNOUNCED IN LONDON

London—The Washington government's suggestion for a reciprocal arrangement regarding ship liquors is prominently displayed in Thursday's newspapers, but the only comment is offered by the Daily News, which describes the American administration's proposals as "a very ingenious method of bargaining for a long desired concession."

CUSTOMS CHANGED

Paris—The "drying up" of the trans-Atlantic liners has revolutionized the selection of bon-voyage gifts to departing friends. Baskets of fruit formerly went to the steamship passengers. Today the baskets are filled with an assortment of wines, champagnes and brandies, with occasionally a cocktail shaker added.

RAIL CHIEF SAYS BOB BUCKED OWN MEASURE

By Associated Press
Mitchell, S. D.—That Senator La Follette of Wisconsin, in the Chicago conference of members of congress called by him last month to protest against the interstate commerce commission's valuation of railroads of the country, took issue with his own plan of valuation, is the assertion made in an address here last night by H. E. Byram, president of the Chicago, Milwaukee and St. Paul railway company.

Starving Man Found In Hay; Hid From Girls

By Associated Press
Crosby, Minn.—Members of a Crosby road crew late Wednesday found Ivan Glas, 30, buried in a hay stack, with but his head uncovered. The man who disappeared May 15, was found in a starving condition, more dead than alive and so weak he could not sit up. Pleading three Ironton girls were after \$800 which he had in a Superior, Wis. bank, the man built a nest in the hay stack with a place for the head outside.

For fifteen days, he told his rescuers he had managed to crawl to a lake for a drink but finally became so weak that he couldn't move the hay stack and was without water for at least ten days and has had no food for a month. He is expected to recover.

ALLIES HAGGLE OVER MEANING OF FRENCH NOTE

Interpretation Of "Passive Resistance" Holds Up Concerted Action

By Associated Press
Paris—A note from Lord Curzon, British secretary for foreign affairs, asking what was meant by "passive resistance" with regard to Germany's attitude in the Ruhr, and whether, if there were a cessation of such resistance, the French would be willing to modify the Ruhr occupation was before the French cabinet when it met Thursday.

It was indicated after the meeting that there probably would be no reply for a day or two, as the French desire to consider fully whether there may not be found some adjustment of the British and French positions.

Brussels—A joint reply by all the Allies to the last German reparations note is regarded in official circles here as likely to be sent, providing the Brussels, London, Paris and Rome governments can agree upon an interpretation of the term "abandon passive resistance."

The exchange of views between the capitals of the Allied powers is continuing with Belgium and France making it clear they consider it indispensable that Germany make an official declaration disavowing acts of sabotage and shootings in the Ruhr, and inviting the population of the valley to refrain from any overt act toward the occupying troops.

NIECE OF ROYALTY WEDS MARQUIS OF WORCESTER

London—Lady Mary Cambridge, niece of Queen Mary, and the Marquis of Worcester were married Thursday in St. Margaret church, Westminster. The king and queen, Queen Mother Alexandra and many other notables were present.

Oney Johnston Post Seeks Most Popular Girl In The County

Popularity Contest To Select
Queen For July 4 Celebration
Starts Today—Diamond
Rings Offered To Winners

Who is the most popular girl in Outagamie-co?

That's a pretty big question to answer off-hand and might be the subject for pretty stiff arguments on the basis of information that now is at hand. It might even be provocative of hair-pulling and face-socking matches if enough interest could be stirred up in a group of good arguers.

The Oney Johnston post of the American legion wants to know who is the most popular girl in the county so she can be crowned with fitting ceremonies as the "Queen of the Legion" at the July 4 celebration here. The most popular young lady will be given all the honors that accrue to one of such distinction and in addition her popularity will win a prize that is not to be sneezed at.

POPULARITY CONTEST
The foregoing all is preliminary to the announcement that the Oney Johnston post today begins a "popularity contest," open to every woman in Outagamie-co, to select a queen for the big gathering in Pierce park

9 KILLED IN GUN AND AXE ROW ON BOAT

Drifting Schooner Sighted Off
Sandy Hook Shows Evidence Of Battle

FIFTEEN CHINESE SURVIVE

Yellow Men Mutiny When Cap-
tain Deserts Ship As Lar-
ders Are Exhausted

By Associated Press
New York—The crew of four men and five passengers missing from the two-masted British schooner Mary Beatrice which was found drifting off Sandy hook Wednesday night, were killed in a battle of pistols and axes, according to stories told by the survivors to immigration officials when the craft was brought into quarantine Thursday.

Three of the 15 Chinese survivors, badly wounded, were taken to the hospital at Ellis Island. An arm of one man was almost severed. The remainder were detained pending investigation by the authorities.

When the Mary Beatrice was boarded Wednesday night by officials, one of the Chinese, making signs, indicated that his comrades and the members of the crew who were missing had found resting places in the deep but did not explain in what manner they had died.

Shrugging his shoulders he pointed over the side. The owner of the vessel, with whom the Chinese had bargained in Havana to clandestinely land them on American soil, he said, had abandoned them and his ship when their food stores ran low eight days ago. Each of the Chinese was understood to have paid the owner \$500 to land them here.

The story told Thursday in Chinese to an interpreter, was of a pitched battle with axes, pistols, marlin spikes, and belaying pins. It was precipitated, it was believed, by the failure of the skipper to carry out his part of the bargain with the orientals.

Up and down the deck of the schooner the fight was waged until the white paint was covered with blood and four British sailors and five Chinese lay huddled and beaten to death. The survivors heaved the dead over the side. The remaining 15 Chinese, though ignorant of the sea and the use of ships, were favored in the ensuing days by fair weather. The craft drifted aimlessly. Its ladders were empty. A distress signal was hoisted to the bathstead and it was thus she was sighted by Pilot Hall off Sandy Hook Wednesday afternoon.

It was after the owner of the vessel had abandoned her that the fight occurred. Some of the Chinese declared the trouble was started by members of the crew who tried to extort more money from them in order to carry out the skipper's promise to land them.

VESUVIUS AND ETNA STILL IN ERUPTION

Naples—The eruption of Mount Vesuvius continues intermittently. The volcano goes through short periods of rest followed by hours of violent activity.

The same phenomenon is occurring at Stromboli. The high cone of the volcano, especially during the night, seems to be the center of a gigantic fire works display. Similar activity is also taking place in Mount Etna, and the lava contrasts strikingly with the glaciers and snow fields that cover the top of the mountain.

Blaine Agrees To Back Amendment To Dahl Bill

This Will Make
California Put
On War Paint

By Associated Press
Topeka, Kas.—Moses Lauderback, 81 years old and a resident of Douglas county for many years, prefers a cell in the Kansas penitentiary to freedom and the climate of California. He was sent to the prison after having violated a parole to go to California, where his wealthy brother lives.

Lauderback was sent to prison in 1915 after being convicted on a charge of assault with intent to kill. The state board of administration paroled him last April on the promise he would go to California. He went, but three weeks later he appeared at the penitentiary gates.

"I would rather be in the Kansas penitentiary than be forced to live in California," he told the Warden M. P. Amrine. "The climate doesn't agree with me."

The warden refused to take him back and warned him against returning to his old home in Douglas-co, fearing this might cause trouble. But Lauderback went to Douglas-co and it wasn't long until complaints were made that the aged man had violated his parole.

TULSA EMERGES FROM GRASP OF SWOLLEN RIVER

Oklahoma City Threatened By
Rapid Rise Of North
Canadian

By Associated Press
Tulsa, Okla.—Tulsa was emerging Thursday from the grip of the Arkansas river which Wednesday inundated industrial west Tulsa and the populous suburban district between here and Sand Springs.

At 10:30 Thursday morning the river had receded a foot and a half from the high point of 19.5 feet reached Wednesday noon.

Officials of the water department expected to start water flowing through the city's mains during the morning, ending the fire hazard that has faced Tulsa since the pumping station went out of commission shortly after midnight Tuesday.

NORTH CANADIAN RISING

Oklahoma City, Okla.—Rising waters of the North Canadian river were rising rapidly in southern Oklahoma City early Thursday. Sections inundated two weeks ago were again under water and new areas were gradually being claimed.

The crest of the flood swept over the city residential dam ten miles west of here about midnight with the huge concrete wall steadily withstanding the rush of tons of water. A break in the dam would have meant disaster for the city.

Travel between the main part of the city and the capital hill and pack-town sections is completely out off.

HIGHEST STAGE PAST

Fort Smith, Ark.—The major crest in the Arkansas river flood has passed West Tulsa and Sand Springs. T. G. Shipman, weather bureau observer and river forecaster for the district, including Tulsa, Okla., said Thursday.

WELSBY MADE CHIEF OF CITIES' LEAGUE

Eau Claire Chosen As 1924
Meeting Place Of League
Of Municipalities

Stevens Point—Mayor J. N. Welsby of this city was elected president of the Wisconsin League of Municipalities and Eau Claire was chosen as the league's 1924 meeting place at the convention here Thursday.

Robbing of municipalities of their source of revenue by the state was denounced by Mayor Welsby in a discussion of taxation. The mayor told the convention that the state had gradually taken for itself railroad, insurance, inheritance and other taxes, automobile and liquor licenses, and fines for Severson law violations, the effect being to permit the state to escape levying a direct tax but compelling local governments to increase their rate of property taxation.

UNREQUITED LOVE CAUSES SUICIDE OF SUPERIOR BOY

Superior—After two unsuccessful attempts within the last three months, Raymond Gierant, 22, committed suicide by shooting himself in the right temple at his home 5435 Wednesday afternoon. Coroner Z. A. Downs, who was called pronounced a motive for the state to escape levying a direct tax but compelling local governments to increase their rate of property taxation.

Princess To Wed

The latest romance of royalty came to light when announcement was made of the engagement of Princess Louise of England (above), the king's niece, to Lord Carnegie, eldest son of the Earl of Southesk.

COURT THROWS OUT EISCH LIQUOR CASE

Search Of Woman Was Not
Permissible Under War-
rant, Attorneys Argue

Because of a recent ruling of the state Supreme court bearing on the Severson act that the person of a citizen may not be searched for liquor without a search warrant, the case of William Eisch, charged with possession of illicit liquor was thrown out of court by Judge A. M. Spencer Thursday morning. The jury that had been drawn for the trial was dismissed.

The bottle of alcoholic liquor exhibited in municipal court had been taken from Mrs. Corn Holcomb, who was employed at the Eisch place on May 25 the day of the police raid, according to the testimony of Chief George T. Prim, Detective John Duval and Officer Albert Deigen. The objection raised by Fred V. Heineman and F. J. Rooney, attorneys for the defense, was that the police search warrant permitted them to search only the Eisch soft drink parlor on Second-ave, not the person of Mrs. Holcomb.

Mrs. Holcomb testified that she had been employed there to clean house and that she was washing the bottle which the police seized. She said the bottle contained no liquor. Police said the liquor in the bottle tested at 15.5 per cent alcohol in volume and 12.5 per cent in weight. Her testimony also conflicted with that the police who said she ran into the house when she observed the raiding party coming. She insisted she walked into the house.

Mrs. Holcomb testified that she had been employed there to clean house and that she was washing the bottle which the police seized. She said the bottle contained no liquor. Police said the liquor in the bottle tested at 15.5 per cent alcohol in volume and 12.5 per cent in weight. Her testimony also conflicted with that the police who said she ran into the house when she observed the raiding party coming. She insisted she walked into the house.

PEASANTS GUARD BULGAR PREMIER

By Associated Press
Sofia—Premier Stamboulsky is reported to have been halted near Tatar Bazarjik and is said to be making a stand against the government troops with several hundred peasant guards. Several casualties have already occurred.

Part of this band fired in a motor car but was caught and arrested. It is officially asserted that last March, Stamboulsky received from the treasury four million Swiss francs, ostensibly for state purposes, but really for other ends.

It is reported a large quantity of machine guns and ammunition was discovered at Stamboulsky's home near Sofia.

MAN DROWNS, GIRL SAVED AS DRY BOAT RAMS CANOE

By Associated Press
Detroit—William McNeer, 32, was drowned, and Miss Helen Clark, 18, was rescued after the canoe they were paddling in the Detroit river Wednesday night was rammed and sunk by a government prohibition enforcement boat, according to a report received early Thursday by Lieutenant Joseph Burkheiser, harbor master.

New Measure Almost Identical
With Defeated Finance
Committee Bill

MILL TAXES REPEALED

Progressives Confident Of Pass-
age With Governor's
Support

By Associated Press
Madison—C. E. Hanson, chairman of the assembly committee, issued a statement through the governor's office Thursday announcing that at a conference held in the executive office Wednesday night agreement was reached on a new tax bill to be offered in the lower house as a subamendment to the Dahl general income tax proposal. The announcement said that Governor Blaine and Speaker John L. Dahl both had agreed to back the new measure.

From a description of the new bill given by the Hanson statement, the measure is seen to have practically the same features as the finance committee bill killed last Saturday with defection of five Progressive Republicans who voted against the proposal.

Under provisions of the bill, individual rates range from one per cent on the first \$1,000 taxable income to 10 per cent on incomes over \$11,000. This normal individual rate applies also to one half of the dividends received by individuals from corporations.

40 PER CENT TO CITIES
The corporation rate is practically the same as under the existing income tax law. Of the \$14,000,000 which the bill would raise, 40 per cent goes to municipalities and 60 per cent is retained by the state. Mill taxes are repealed. Administrative features of the present income tax law are retained.

For the purposes of final assessment of railroads, the governor and attorney general are added to the tax commission. Progressives are now to attempt to unite their forces behind this plan.

PROGRESSIVES CONFIDENT
With Governor Blaine agreed to support the new compromise revenue plan, Progressives announced that they would strive to force the Dahl bill through the closely divided senate. They express the opinion that passage may be taken for granted in the assembly.

Speaker Dahl declared Thursday that he had done everything in his power to get a tax bill, and that he would let others take responsibility for forcing the measure in the upper house.

With agreement reported between the speaker and the governor, the La Follette forces were expressing confidence Thursday that they would yet get a tax bill through both houses at the present session. The Conservatives expressed a like confidence that they can kill any tax plan in the senate.

TRUCKMAN ADMITS HOLDUP WAS FAKE

Bobber, Gloudeamans-Gage Com-
pany Driver, Held For
Arraignment

A confession that he himself had taken the purse of \$145.67 and that he counterfeited a holdup was wormed out of Arthur H. Bobber, Gloudeamans-Gage company delivery truck driver, by Chief George T. Prim Wednesday afternoon.

Bobber had been confined in a cell at the police station since Wednesday morning following his doubtful story of being slugged by a holdup man at the Gloudeamans-Gage company barn back of Wichmann Furniture company's new store. The man had previously been under suspicion. A physician who examined him said he bore no effects of violence. Police also state that his clothes and the barn floor where he said he had been knocked down showed no evidence of the assault.

The purse which H. A. Gloudeamans found buried underneath fresh cinders in a part of the barn was shown the prisoner with the question, "He recognized it." He said all drivers carried money bags of that description. Bobber had previously told the police that the bag contained a check. When Chief Prim opened the purse and showed Bobber the check, the man broke down and confessed.

Police are informed that the man had contracted debts. He has not yet been arraigned in municipal court.

OPTIMISTS' CLUBS HOLD CONCLAVE AT CHATTANOOGA

Chattanooga, Tenn.—The festivities of the fifth international convention of Optimistic clubs opened with the arrival late Wednesday of Jack Martin, international president, and his bride of a few days from San Francisco.

One of the largest delegations to arrive Wednesday afternoon, hailed from Milwaukee. All were dressed in dark suits, white shirts, straw hats of the uniform design, trimmed with a wide ribbon, on which was printed "Milwaukee" in large gold letters, and each carried a bamboo cane, from which suspended a pennant of the city. Routine business and a luncheon featured Thursday's proceedings.

BIG CLASS WILL GET DIPLOMAS IN ST. JOSEPH HALL

Parish School Holds Commencement Program Thursday Evening

More than 70 boys and girls will receive diplomas from the Rev. Basil Gummertmann, pastor of St. Joseph church at the commencement program in St. Joseph hall Thursday evening. In addition the pastor will announce several prize winners among the students.

Marie Glasnap finished the grade school with the highest average for girls and Daniel Steinberg and Marie Zuelke are tied for highest place among the boys. The prize for religion will go to Raymond Olm and Leona Schmidt and the penmanship prize is to be awarded Margaret Reiter.

"Always Faithful" was selected as the class motto. The class colors are national red and silver grey and the class flower is the red rose.

The program includes short talks by Daniel Steinberg, Marie Zuelke and Marie Glasnap, orchestra selections, an address by the pastor and a one act comedy entitled "A Home Run".

Diplomas will be given to these students:

Daniel Steinberg, Marie Zuelke, Oscar Griesbach, Edward Maurer, Norbert Schwab, Henry Kober, Ralph Everts, Norbert Pfeiffer, Carl Lorenz, Raymond Olm, Alois Liehen, Marvin Ludwig, Walter Malska, Theodore Boehme, George Schmidt, Louis Loesels, Clarence Schroeder, George Brill, Floyd Dunsen, Stephen Konz, Leo Riedl, George Theiss, Wilbur Forster, Anthony Stark, Walter Kettenhofen, Cornelius Lehrer, Edwin Hoersch, Charles Reinger, John Stofel, Justin Scholz, Lloyd Schorster.

Marie Glasnap, Leona Schmidt, Evelyn Riedl, Marie Blick, Lucille Kranhold, Elizabeth Roemer, Julia Wickesberg, Marie Konz, Barbara Shinnars, Clara Trauber, Helen Wolf, Leona Riedl, Viola Diener, Gertrude Schabo, Ethel Thelen, Florence VanderLous, Dorothy Harth, Marie Doerfler, Mary Schreier, Malvina Albrecht, Viola Becker, Cecelia Fischer, Agnes Grieshaber, Hedwig Grosser, Frances Grieshaber, Anna Heinemann, Teresa Kettenhofen, Helen Parker, Helen Loessel, Margaret Reiter, Catherine Muggenthaler, Josephin Ruberg, Margaret Sievert, Mildred Zeffery, Margaret Hammes, Helen Striegel, Margaret Casperson, Margaret Klassen, Irene Kranhold.

BUILDS BIG SHED

Henry Haen, farmer in the town of Grand Chute, is building a substantial machine shed on his farm. The shed is 26 by 50 feet in dimension and rests on a concrete base.

RAINBOW DANCE, Sunday, Waverly.

ICE CREAM SOCIAL, Thursday, June 14, afternoon and evening at St. John Church, West College Ave.

AMERICAN LEGION DANCE at Darboy, Monday, June 18, Horst Orchestra.

ATTENTION GILLETTE RUBBER STOCKHOLDERS

There will be a meeting of all stockholders in Appleton district at the Eagles Hall, Appleton, Friday evening, June 15, 1923 at 8 P. M. sharp. Come out and hear the facts connected with the Receiver's operations of the Gillette Rubber Co. These can not be published, but may be given to you by word of mouth. Get these facts then decide what you will do. Dr. D. S. Runnels, Chairman Stockholders' Protective Committee.

CHANGE SCHEDULE TIME OF PASSENGER TRAINS

Several changes in the schedule time of passenger trains on the Northern Wisconsin division of the Northwestern were announced Thursday by W. B. Basing, Northwestern agent. Northbound train No. 121, formerly due at 2:30 a. m. now is due at 2:35 a. m.; train No. 217, northbound, formerly due here at 8:25 a. m. will arrive at 8:35 a. m. hereafter. Train No. 113, northbound, which formerly arrived at 2:45 p. m. now is due at 2:47 p. m. and southbound train No. 102 which has been arriving here at 1:50 a. m. now will be due at 2:10 a. m. These changes are effective at once.

STOFFELS JOINS WILSON MUSIC CO. ORGANIZATION

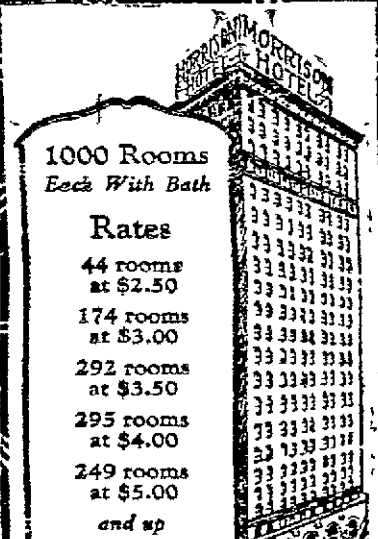

Harry Stoffels, who disposed of his music business to Irving Zuehlke, has joined the Wilson Music Co. organization and will represent that company in this territory until July 1, after which he will go to Stevens Point to take charge of the company's new store in Hotel Whiting.

GIRLS! LEMONS BEAUTIFY SKIN

Make this Lemon Cream to Whiten Skin and bleach Tan, Freckles

Mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents, shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin softener and complexion beautifier. Massage this sweetly fragrant lemon cream into the face, neck, arms and hands then shortly note the youthful beauty, softness and whiteness of your skin.

Famous stage beauties use this harmless lemon cream to bring that velvety, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

BACHMAN DELEGATE TO LABOR MEETING

Local Trade Council Is Favorable To Sachtjen Loan Bill

Fred Bachman was elected Wednesday evening as delegate of Appleton Trades and Labor council to the annual meeting of the Wisconsin State Federation of Labor in Superior the week of July 16 to 21. The state meeting this year will be a joint one with the Minnesota state federation. Local unions of Appleton are expected to elect their delegates within the next few weeks. Carl Aul will be the alternate delegate of the Trades and Labor council.

The council spent some time Wednesday evening in discussing the Sachtjen bill in legislature providing for the licensing of organizations for the issuance of small loans. States that have already adopted similar measures are Illinois, Indiana and Iowa. Under such a law various organizations would be permitted to assume minor banking operations, especially the granting of small loans.

The Federated Trades council of Milwaukee has expressed approval of it and charitable organizations are also said to favor it.

The Appleton council, while not yet ready to endorse the bill, has decided to give it careful consideration.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarsiv is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

Plan Long Trip

M. A. Schwab and daughter Wilma leave Friday on a two week's automobile trip during which they expect to cover 3,000 miles. They go first to Manitowoc, where they will be joined by Mr. Schwab's brother and his family and from there will go direct to St. Louis. They will return by way of Indianapolis and Ohio.

ROTARIAN MOTOR FLEET WILL PASS THROUGH FRIDAY

Four Appleton Men Will Join Delegation Enroute to St. Louis Convention

A chain of circumstances has interfered with the plans of more than a dozen members of the local Rotary club to join the Rotary motorcade Friday bound for the international Rotary convention at St. Louis.

Thus far (the only ones who are known to have plans of attending are Dr. E. H. Brooks, Dr. D. O. Kinsman, Lee C. Rasey and E. C. Hilfert. Some of them will go by train and others will join the motorcade expected here between 1.30 and 2 o'clock Friday afternoon.

The program calls for the assembling of northern Michigan and Wisconsin cars at Green Bay, from where they will start at 12.30. The motorcade is due to arrive at Milwaukee at 6 o'clock and leave again at 9 Saturday morning, arrive at Chicago at 6, leave at 1.30, reach Danville at 6, leave early Sunday morning, reach Effingham at 1.30 and St. Louis at 6 o'clock Sunday evening.

Entertainment in Milwaukee will be at the Hotel Pfister. Special parking grounds adjacent to the hotel have been prepared. A buffet luncheon and dance in the Fern room and Red room will provide entertainment for the evening. At Chicago the delegates will have an old fashioned luncheon in the open air. A night will be spent at Danville where delegates will receive a handshake from "Uncle" Joe Cannon, retired congressman. At Effingham the motorcade will be met by the St. Louis delegation and conducted to the convention city.

A motorcycle policeman from Green Bay will lead the way and keep the highway cleared of traffic. A double wagon will be furnished at Milwaukee by Rudolph Hokanson to keep the automobiles moving. "Brownie" Rowland, automobile editor of the Milwaukee Journal will accompany the delegates. Samuel Hastings of Green Bay and Earl Thompson of Oshkosh will fill all automobile gasoline tanks free of charge.

A feature of the convention for the Tenth district Rotarians will be the Tenth district dinner at Marquette hotel Thursday June 21. The dinner will be the first Wisconsin and upper Michigan Rotarians have ever attended as a district unit.

HOME MADE LICENSE CAUGHT EYE OF COPS

An automobile displaying what appeared to be a home made license plate attracted considerable attention in Appleton last week. The owner of the car whose license number corresponded with it received much undue criticism on account of it. Police, however identified the peculiar license plate as a special temporary license plate issued by the Milwaukee police department.

The owner of the car, a traveling salesman, had applied for a license from the secretary of state and asked his wife to forward the plate to Green Bay as soon as it arrived. The special license plate, contrary to the kind of plates usually issued in cases like these, bore no other information such as the date of issue, the name of the applicant and the person issuing the license.

Is a Bad Back Wearing You Out?

Do you rise in the morning lame and stiff? Drag through the day with your back a dull, unceasing ache? Evening find you "all played out"? Likely then, your kidneys have weakened. That's why you have those headaches, dizzy spells and bladder irregularities—why you feel so tired, irritable and depressed. Don't say! Use Doan's Kidney Pills. Thousands recommend Doan's. Ask your neighbor!

Mrs. Fred Lucette, 353 Lawest, says: "I was troubled with my kidneys and suffered constantly with dressing backaches and pains across my loins. It hurt me greatly to stoop over or lift anything. I couldn't rest nights and mornings I felt stiff and lame. I used Doan's Kidney Pills and they cured me of the attack."

Iodin In City Water Is Stopping Goitre Spread

A recent article in the Post-Crescent quoting Miss Dorothy Vestal, high school physical director, and Dr. E. F. Mielke, in pointing out a prevalence of enlarged thyroid glands or potential goitres among sophomore girls and prescribing a treatment of sodium iodide was of special interest to A. J. Hall, water department chemist, inasmuch as this was one of the chief subjects discussed at the recent national waterworks convention in Detroit.

Citywide treatment for goitre is being undertaken by the city of Rochester, N. Y., through the injection of iodine in the city water supply, according to Mr. Hall.

When B. C. Little, superintendent of the Rochester waterworks and former president of the American Waterworks association, told of the results of iodine experiments with the water supply, he created quite a stir among the health department heads at the convention. The process used in Rochester, he

said, consisted of mixing one part of iodine with 20,000,000 parts of water for a period of two weeks twice a year.

It was found that 7 per cent of the children of the public schools in the Great Lakes regions were afflicted with goitre due to a lack of iodine in the thyroid gland of the neck, Mr. Little said, and the percentage of goitre in older people was equally high.

The results of treating the water with iodine were remarkable for the short time it was tried. Only a few cases of goitre developed, and the majority of these cases were attributed to lack of water drinking on the part of those afflicted. Dr. George Golc, health officer of Rochester, conducted the experiments.

Mr. Hall was not prepared to advise the treatment of water here. It is still in the process of experimentation, he said but if the experiment proves successful, its use should be universal rather than local.

AD EXPERTS TO ADDRESS ROTARY ON INDUSTRIES

"How to Get Industries that Fit," a talk by an advertising specialist who has made a study of Appleton will be given at the meeting of the Rotary club on June 19. R. R. Schuman, president of the Schuman-Hawes Advertising company of Chicago, who is considered one of the best advertising men in that city will be the speaker.

Dance at the Valley Queen, Twelve Corners, Friday, June 15th. Music by the Original Gib Horst. Busses leave as usual.

THINK KIDS NEED SUITS AT "OLD SWIMMIN' HOLE"

The old swimmin' hole" at Merkel siding on the Soo Line in Grand Chute has become a nuisance to the passengers of trains. The shocked observers would not deprive the youngsters of swimming privileges, but would have the boys seek a more secluded spot or else put on bathing suits. The offense is heightened by the boys' casting scurrilous remarks to passengers. Complaint has been made to John A. Lonsdorf, district attorney, who is having the matter investigated.

Mrs. Cora Taylor of Herkimer, N. Y. is visiting her sister-in-law Mrs. Eliza Harwood, 714 North-st.

NEW LONDON POST APPROVES COUNTY LEGION COUNCIL

Delegates Elected at Meeting Last Night—Kaukauna Still Pending

Another important step was taken in perfection of a county council of the American legion when the New London post, at a special meeting Tuesday night, voted to enter such a body, ratified the proposed constitution and elected its delegates who will attend the various meetings.

Organization followed a talk by Henry J. Pettigrew, commander of Onev Johnston post of Appleton, and temporary chairman of the county council. He explained the need for a centralized agency for the welfare of needy soldiers of the county as well

as an organization that could function in wider work for the legion. E. J. Hartquist, commander of the New London post, Giles Putnam and Everett M. Cooley are the delegates elected to the council. The alternates will be the vice commander, and Dr. F. S. Loss and Frank J. Herres. Only one more legion post, that of Kaukauna, still must ratify the county constitution in order that the council may begin to function according to Mr. Pettigrew. That body is favorable to the plan but has not arranged its meeting for formal consideration. The veterans will be summoned soon so the council may be completed. A meeting of delegates is to be held at Seymour in the next week or two and a permanent organization elected.

SANITARY SURVEY BEGUN BY MERKEL

George Merkel, deputy health officer, is following up his work of sanitary inspection of the central zone with a view of ordering all outbuildings in this territory removed. This is in compliance with a decision of the board of health to clean up all districts that have not as yet availed themselves of sewers, waterworks and indoor toilets. The central zone which is being inspected this year occupies all territory between State and Lawrence and between Atlantic and the Fox river. The work will be extended next year.

Grandma Loves HER CUP of COFFEE

"Breakfast wouldn't be breakfast," she often says "without my cup of coffee."

And as she pours it, steamin' hot, into a blue-edged cup (a cherished relic of her first set of dishes) the flicker of a smile lights up her kindly face.

What memories for Grandma in a cup of Coffee!

Perhaps she is thinking of her first breakfast with John (How good the Coffee was on their honeymoon!) Or later breakfasts amid the prattle of little children. (Why, it seems only yesterday that she cuddled John Jr., on her knee as she sipped her breakfast cup of coffee.)

Grandma is seventy now—and though she does not look it—and she has gone far along the Pathway of Life. But there has not been a morning in fifty years when that steamin' cup of coffee has not helped to make life more enjoyable.

Truly—there is warmth and good cheer in a wholesome cup of Coffee. And the thousands upon thousands of hale and hearty grandmothers who drink it are proof that there is good health in it too!

THE STUDEBAKER LIGHT-SIX SEDAN

Where Quality Counts Above Everything Else

Quality is more important in an enclosed car than in most any other product in daily use.

Regardless of price, it is not economy to buy a makeshift job in which the quality is skimmed and cheapened at every turn. Paint, imitation leather and fibre board too often cover serious structural defects and cotton-and-wool trimming cloths are short lived. The chances are that the buyer will more than pay the difference later—in higher upkeep cost, frequent repairs and excessive depreciation.

The price of the Light-Six Sedan is the lowest at which it is possible to obtain a substantial, high grade hardwood and steel body, upholstered in mohair, in combination with a chassis of proved dependability and performance.

Power in surplus measure to satisfy the most exacting owner

cess, a despicable standardization and numerous warships is imposing his civilization upon the once varied and colorful nations of the south. We are the British empire of the western hemisphere, but our Canadas and Bermudas don't like us.

TEACHING FOREIGN LANGUAGES
The action of the United States supreme court in denying the right of any state to pass laws forbidding the teaching of foreign languages in primary schools was aimed principally at the flood of wartime legislation against instruction in German, though of course the supreme court was ruling upon well-established principles.

Forbidding the teaching of an enemy language in wartime has a strong argument in its favor. It is much the same as denying concert platforms to exponents of enemy music—a quite human gesture of patriotism and of that sustained and general determination which is a mighty factor in war. As a gesture and symptom it is not only excusable but commendable.

Now the excuse has passed. There is just as much cause for binding wounds of war today as there was for keeping the fires burning in '17 and '18. There is no reason whatever, in the comparative, quiet and reflection of peace time, to deny the children of the future a thorough perspective on German art and music, and a knowledge of the German language in order that they may later use it to advantage in scientific studies, in travel or in business. Prohibiting the study of German today is not patriotic but merely unintelligent—and, as the supreme court points out, unconstitutional, overriding the fundamental rights of education.

TROTSKY ON AMERICAN LIBERTY
The captain-general of the soviet Red army advises Secretary of State Hughes to re-read the history of the American revolution. Trotsky says "Mr. Hughes would find much there that would help him realize that many recent happenings in Russia have an earlier parallel."

Mr. Trotsky is talking through his hat. It is as though a communist were quoting Lincoln. There is nothing that the soviet has done that Washington, Adams, Jefferson, Franklin and their great colleagues would have countenanced. Sovietism is committed to slavery of the people. The American revolutionists rebelled against tyranny and fought for personal liberty.

THE FALL OF STAMBOULISKY
The fall of the Stamboulisky government in Bulgaria is a political denouement that was brought about by the premier's despotism of ignorance and inexperience. It is significant that the military group, which overthrew the government in an armed, peaceful revolution, proclaimed that "the regime of deceit, violence and murder has collapsed under its own crimes," and that two ministries are left vacant in the new administration. The premiership and the secretaryship of agriculture. The inference is that the revolt was intended to depose Stamboulisky and not to injure the farmers. A few prominent publicists have said, of late, that the world today needs determined autocrats. Despotism never assures content. What the world needs is not despotism, but enlightened leadership. The change effected in Bulgaria foreshadows others in Europe.

TODAY'S POEM

By Berton Braley

WANTED, AN INTERPRETER

A single rose the lover sent
To prove his tender sentiment;
"This rose," he thought, "will show to her
The singleness of my affection
And prove my love can never stir
Save when it stirs in her direction;
And that within my heart she grows
As fragrant as a single rose."

A single rose the lover sent;
"She'll understand my clear intent,"
The lover said, "she'll plainly see
That she's the rose of life to me.
Let others flood her living room
With all the sorts of flowers that bloom,
Unmatched, my little message goes,
A single rose!"

"A single rose!" the maiden said,
"That guy's the limit, on the dead;
If that's the best that he can do,
Believe you me, I'm done, I'm through;
I hate a fellow who is tight!"
ONE rose, a SINGLE rose—Good night!"
And in the alley then she throws
A single rose!

Health Talks

BY WILLIAM BRADY, M. D.
Noted Physician and Author

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

VERY SIMPLE ARITHMETIC

When you've got a baby to raise by hand it is the best policy to lay away substitute foods until the child is old enough and strong enough to stand that kind, give the baby good, healthy cows' milk delivered fresh by a clean milkman, modified to suit the baby's particular requirements. This involves the application of a little simple arithmetic, merely subtraction and addition.

For the most part, hand raised babies that get some inadequate food instead of modified milk suffer because parents are unaware of the dietary needs of the baby or do not bother to prepare or modify fresh milk.

Even at the highest price charged for a pure, clean, fresh milk, such as certified milk, the best food for the baby is always the cheapest in the long run, for the apparently greater cost of the milk and the cost of ice for refrigeration effect a saving in the form of a better baby, a baby that doesn't require so much medicine and medical attendance.

Just a pinch of arithmetic must be used to modify cows' milk enough to make it more closely resemble human milk. No improvement of human milk has been found for infant feeding.

By comparing the average formulas of cow's milk and human milk you will see just what modification is necessary:

	Cow's Milk	Human Milk
Fat	4%	3 1/2% to 4%
Protein	3 1/2%	3 1/2% to 4%
Milk sugar (lactose)	4 1/2%	7%
Lime (calcium salts)	0.172%	0.045%
Total mineral matter	0.75%	0.2%

The amount of milk sugar (lactose) is about one-third greater in human milk, therefore lactose or some other sugar or carbohydrates must be added to cow's milk for the young infant.

The amount of mineral matter, particularly lime (calcium) is three or four times greater in cow's milk, but the usual dilution of the milk reduces the proportion of mineral matter, even if the mineral matter is excessive it does the baby no harm.

There is one other important difference not indicated by the formulas—the difference in the character of the proteins in cow's milk and human milk. The difference is principally that the protein (cheese part) of cow's milk is tougher, forms larger, harder curds in digestion, than the protein of human milk. This is taken care of by the use of either alkalis (such as lime water, better, a cereal water, such as oatmeal or barley water, for diluting the milk. The modification of cow's milk to make it more closely resemble human milk is not a difficult task, after all.

QUESTIONS AND ANSWERS

Stove Without Flue

Please explain how a gas stove without flue is injurious to health. Have used such one for five years and have noticed nothing wrong with our health.—Mrs. L. L. G.

Answer:—When gas, oil, coal or wood burns a great deal of carbon dioxide (carbonic acid gas) is produced. If this is not carried off by a flue or chimney the effect upon the air of the room is the same as though the air were breathed by a crowd of people. Perhaps the room where you have the gas stove without flue is unusually well ventilated; therefore the air does not become grossly polluted. But there is actual danger to life in using a gas or an oil stove without flue in a small closed room, such as a bathroom, for under such circumstances the air may become so grossly polluted that the occupant of the room will faint and unless discovered and rescued perhaps succumb to asphyxiation or suffocation for want of sufficient oxygen. The carbon dioxide displaces the oxygen in the air.

Married Women Live Longer

Is it true that married women have a better prospect for a long life than women who remain unmarried?—S. L.

Answer:—There is some such rumor, though may be the life of the married woman isn't actually longer, but just seems longer.
(Copyright, National Newspaper Service.)

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Thursday, June 16, 1898

Dr. C. D. Boyd of Kaukauna was in Appleton the previous evening.

Thomas J. Griffin returned from a several days' visit at Chicago.

E. Mariner of Milwaukee was in Appleton on business the day previous.

Mrs. Andrews, matron of Prescott hospital, was critically ill with inflammatory rheumatism.

The depot at DePere caught fire from a passing locomotive and was quite badly damaged.

Mr. and Mrs. Oscar Thilmany and Mr. and Mrs. Ormsbee of Kaukauna arrived in Appleton on their new excursion launch. They were on their way to Lake Winnebago.

George Hewitt of the class of '98 visited Lawrence university accompanied by Mrs. Hewitt of the class of '98.

Dr. Henry Austin Adams, who was the guest of the Rev. W. J. Fitzmaurice, was given an outing on Lake Winnebago on the steam launch Mystic. The party was planned by J. V. Canavan and P. H. Ryan.

The Northwestern Railway company was to run its first excursion train of the season to Green Bay the following Sunday.

Home grown strawberries were on the market and were selling at from 8 to 10 cents a box.

TEN YEARS AGO

Thursday, June 12, 1913

E. A. Peterson left for Spokane, Wash., on a week's business trip.

Mr. and Mrs. C. E. Andrews of Escanada were attending Lawrence commencement exercises.

Mrs. A. V. Randall and son Earl of Kaukauna visited Appleton friends the day previous.

Mr. and Mrs. G. E. Buchanan left on an extended visit to the Pacific coast.

R. S. Talbot of the Fibro Development company was at Spokane, Wash., supervising the construction of a big addition to the plant of Inland Empire Paper company.

Fifty couples attended a private dancing party at Waverly beach the previous evening given by Edgar Schommer, Jack Herli, Henry Boon and Gerald Galpin.

John Stevens, Jr., was in the northern part of the state on a fishing trip.

Dr. and Mrs. Herman Schaper left for Freeport, Ill., to attend the wedding of Miss Bessie Best, sister of Mrs. Schaper.

The Michael Dalton farm of 47 acres in the town of Cicero was sold to William Lang of Milwaukee.

A marriage license was issued by the county clerk to William C. Toll of Oshkosh and Mildred Glaser of Appleton.

County Clerk William F. Wolf was in receipt of a copy of a law recently enacted which provided that any school district, the teacher in which received less than \$240 per month salary, was not to receive either state or county aid for schools.

SEEN, HEARD and IMAGINED

---that's all there is to life

I CALL MY SWEETIE—
"Misery" because she loves company.

G. S.

"Monster of Hideous Mien" because she's so jealous.

PROVERB.

"Bow-wow" because he puts on dog.

MARILYN.

"You say, 'Uncle Sam is ready'."
"No, no, I say, 'Here comes Betty!'"

HELEN RHODE.

That tempus surely do fugit is proved by the following quotation from Monday's P.C.: "Saturday afternoon Conrad Delmer of Appleton, passed a street car while it was discharging passengers at 1:45 Sunday afternoon, and was made to pay a fine of \$2 as well as costs of \$3.20."

P.C. head says "Aims to Beat H. C. L. By Home in Freight Car." Presume that nature will provide the modern conveniences.

News item says "William H. Nolan is changing the name of his store from Carroll's Music Shop to 'William H. Nolan of Appleton.' The change is being made gradually." Can it mean that during the first week, "Carroll" will be supplanted by "William," the second week by "Music" and the third week, "Shop" will be supplanted by "Nolan." Or what does that "gradual change" idea mean, anyhow, Bill?

Another head says "Chicago Weddings Have Five to One Lead on Divorces." Hope always has and always will outnumber regret.

See Old And New China In Canton
(Abel Bonnard, in Revue des Deux Mondes, Paris, Translated for The Journal.)
If you wish to see a city where old and new China fight a bitter duel, you must visit Canton, port and capital of Kwantung province.
In old times, occidental travelers arriving here from the crupuous, easy-going south of Asia, believed to be on the threshold of great China. They were admitted without difficulty. Like a mere nothing among the masses of Chinese, these foreign travelers were rather ignored than received, rather overlooked than noticed. On the streets they did not see any signs of surprise or question in the faces of silk-robed passer-by. Everything, from the palatial black tables to the guilded temples, told them of old Chinese refinement, but also of the mystery of China's culture. They felt like awkward and timid intruders.
The new spirit, the spirit of young China, is now fermenting life in Canton more than anywhere else in the "Celestial empire." Young Chinese students, graduated from American universities, are dominating the new life of China and they are inclined to overthrow all of her old culture. Tall modern buildings arise at the banks of the Canton river. The city walls have been destroyed.
Nevertheless an old-town section remains, traversed by narrow and intricate streets which look rather like the corridors of an immense old house. In the shadow of ancient homes, one finds hope of barbaric under old traditions, fat serpents—of the kind the Chinese like to eat—are rolling up their bodies. Painters exhale their works at the windows of their homes; their portraits are as impassionate as the faces of the passers-by.
Sometimes, a group of boys and girls ride on horseback through the old town, dressed like stage royalties. In the new city you may find big, fine-hooped carriages, under old-fashioned ponies. They are gay, and all the light the narrow streets are able to catch falls on these cavalades of merry young people. They rush through the old town toward the broad boulevards of New Canton.
New Canton is a modern and rather vulgar city. It lacks the personality and picturesqueness of the old town. In the new city you may find big department stores in high buildings which are, quite without purpose, illuminated every evening. Industry overwhelms the city with flat and characterless things. Yet everyone buys those things, even the "lama" who comes from far and who in his naive ignorance, takes back to his monastery a little souvenir which was manufactured in a Canton factory. Buggies go up and come down; graphophones sing nasal tunes.
You may look through a dozen fan shops without finding any fan of original character. The factory spirit has caught hold of Canton. Only a few handicrafts survive the conquests of modern mass production.
I often went to see a young man who made, with bits of silk and beads, dolls in the manner of the brilliant, scintillating old Chinese actors. He too, seemed to work like a factory machine. When I asked him to make me a doll similar to one I had bought in the old town, he turned toward me a blank face as though he were entirely absent-minded; he worked with his hands, not with his mind.

Anyone will give you the privilege of parting with your money ---

But what you want is the assurance that no man wearing hair will part with less or receive more.

You want to be sure that every shilling of the \$30, \$35, or \$40 you spend for clothes will be vested with a coat, vest and pants—don't you?

TWO FLOORS OF GOOD THINGS TO WEAR

German Money In South America

(Arthur H. Mills, in The London Mail, Continental Edition.)

In South America the Germans are laughing. You will see them in the grill-room of Plaza, the most expensive hotel in Buenos Aires, where they have their suites. Later they forgo the Armenonville, the fashionable dance club. They drink champagne till a dull flush tinges the cheeks on their cheeks and they laugh.

It is funny from their point of view, all this fuss in Europe about reparations, France putting back brick by brick the houses on her ravaged lands and expecting Germany to help. France beating drums and blowing bugles up and down the Ruhr and saying, "If you won't pay, we'll make you," when all the time, as everybody knows, the money is not in Germany at all—it is in South America.

Business men in that country say that it was in 1918 Germany first started to transfer her capital to South America when she already saw that she had lost the war. Two years later when questions about war debts became awkward she transferred a great deal more.

Today at a rough estimate the Germans have \$250,000,000 in Buenos Aires, \$100,000,000 in Chile and large amounts distributed among the other republics.

Q.—Is aluminum, granite or iron best to cook in? M. E. O'H.

A. Kitchen utensils must be selected in part on the basis of the temperature to which they will be subjected in the cooking process. Frying and roasting represent methods in which dry heat of high temperature is essential. Such materials as Russia iron, sheet steel, cast-iron crockery, Pyrex glass, especially suited for this type of cooking. Bread pans and roasting pans are best of Russia iron or sheet steel while cast-iron, because of its thickness, is an even cooker and retains high temperature for some time, and hence is used for griddle and wafer irons, frying kettles, and skillet. For boiling, stewing, or where moisture is part of the cooking process and where the temperature therefore is not over 212 degrees Fahrenheit, agate, enamel, granite ware or it may be used. Aluminum is a metal that may be used for either method as it may be heated to different degrees of heat with or without moisture.

Q. Was Henry Wadsworth Longfellow related to John and Priscilla Alden? O. A. A.

A. Through his mother's family Longfellow was descended from John Alden and Priscilla Mullens, whom he made famous in his poem "The Courtship of Miles Standish."

Q. In speaking of the Elgin Marbles, how is Elgin pronounced? F. A. A.

A. The English pronunciation is used. The g is hard as in the word get.

Q. Is the cost of starting a washing machine greater than the running charge? A. A. L.

A. It does take more power to start a machine. It is advisable to do the starting in the far East where it is done. Merely put the clutch in as in the case of automobiles, thus stopping the motor, but leaving the engine running.

Q. What is the name of a building stone used in France which is soft and white and can be cut with knife? T. E. F.

A. This stone is called caen. It is much like soapstone except in color.

Q. When were eggs first eaten? J. W. M.

A. Eggs appear to have been used as a food in all ages. The ancient shepherds in the far East were accustomed to carry them in a sling. The Romans began their coena, or supper with eggs, Horace says. It is extremely possible that the formation of the main foods of primitive mankind.

Q. Why didn't George Washington sign the Declaration of Independence? V. E. B.

A. George Washington did not sign the Declaration of Independence because he was not a member of the body which adopted the Declaration. He was a certain colors more popular in one section of the country than another? R. T. E.

A. At the present time, red is said to be the most popular color in the Middle West. Tans, greens, and orange are the most popular on the Pacific coast. Easterners seem to prefer brilliant blended mixtures of a great variety of colors. The people of the South are said to be the slowest in adopting the newer, striking color combinations, many people there still preferring navy blues and dark colors the year round.

Q. Will pumpkins and watermelons mix if planted in the same patch? M. T.

A. The Department of Agriculture says they will not, nor will melons and pumpkins; nor will melons and watermelons.

23 Class Has Party For Plantz Birthday Of College President Is Observed At Grad- uation Banquet

A birthday cake for Dr. Samuel Plantz was the feature of the commencement banquet served at Ormsby hall at 1 o'clock Wednesday and which was the last of the commencement exercises for the class of 1923. The cake was brought in when the toastmaster, Dr. George F. Barber, revealed the secret that commencement day was also "Doc Sammy's" birthday.

The banquet was attended by most members of the class and their parents and guests. Dr. George F. Reynolds of Boulder, Colo., Paul Ungrodt, who represented the senior class, and Miss Myrtle Raemker of Chicago, were the speakers of the occasion.

To the senior class, Dr. Reynolds said: "Most of you did not get those degrees which were given you this morning. You owe them to your parents who made it possible for you to study for them. In spite of all that has been said about heritage, I want to say to you that you have not yet come into that heritage. You will not learn for many years what being graduated from Lawrence really means and that knowledge will not reach its maximum until you see your own children graduating from this college as some have seen today."

Mr. Ungrodt dwelt upon the Lawrence Alma Mater for his address, bringing out the value of its motto of truth and light. Miss Raemker took feminism for her topic and showed that although the majority of Lawrence women either marry or teach or both, yet there are Lawrence women in practically every field. The only exception which Miss Raemker made was in the case of a doctor of medicine. One of the women graduates are known to have entered that field.

Wins Free Trip To Convention At Mooseheart

Miss Hilda L. Vogel has been granted a free trip to Mooseheart, Ill., as the result of a recent contest in which 20 persons have won free trips. It was learned Wednesday evening at the meeting of Women of Mooseheart legion in Pythian-Moose hall. She will attend the international convention of the organization from June 24 to 30, in company with Mrs. Clyde Cavor, who is going as delegate from the local chapter 404.

Mrs. Louis Lohman was elected and installed Wednesday evening as recorder of the chapter upon the resignation of Miss Marguerite McGillan. Reports were made on the state convention at Stevens Point and plans discussed for a picnic to be held at Pierce park July 10 for the members of the legion and their families.

LODGE NEWS

A special meeting of John F. Rose chapter, Order of DeMolay, will be held at 7:30 Thursday evening. Business matters will be discussed.

Knights of Pythias will meet at 10:30 Sunday morning in Castle hall. A memorial service for deceased members will be held at that time.

Routine business matters were discussed Wednesday evening at the meeting of Eastern Star in Masonic hall.

Mr. and Mrs. L. A. Smith and Mrs. John Sted of Wisconsin Rapids spent Wednesday at the home of N. A. Roemer, 359 Cherry-st.

My Beauty

How I won and kept it

I made myself a famous beauty 40 years ago. Now at the age of 80 I am still a beauty. On the stage and in the stage I look like a girl of 19.

I owe this to French experts, who combined 32 supreme beauty helps in four matchless preparations. Now your stores supply them, and I want them to bring to millions what they brought to me.

My Beauty Book tells the story. Write me for it—now.

Prizes were won by Mrs. Joseph Doerfler, Mrs. Charles Selig, Mrs. George Durdell and Mrs. Joseph Boelson. Plans will be made later for an outing the latter part of July.

Cricket Party Tonite Waverly.

WEDDINGS

Mrs. Margaret Barry, 418 Cherry-st. has announced the marriage of her granddaughter, Veronica E. O'Rourke, to Edward Powell. The marriage took place in Chicago, June 11, Mr. and Mrs. Powell are visiting in Appleton at the home of Mrs. Barry after which they will be at home in Chicago.

Miss Agnes Canavan, daughter of Mr. and Mrs. John Canavan, Shiocion, and Henry VanStraten, son of Mr. and Mrs. Van Straten also of Shiocion, were married Tuesday morning at St. Denny Catholic church of that village. The service was read by the Rev. J. Esdepsky. The couple was attended by Miss Grace Van Straten, sister of the bridegroom, and Patrick Canavan, a brother of the bride. About 40 guests attended the reception at the Canavan home following the church ceremony. The couple left on a short honeymoon trip and will make their home after returning at the De-Wall farm, north of Shiocion. Both have been public school teachers.

OHIO MAN SPEAKS AT GRANGE PICNIC

South Greenville Organization Will Have Annual Outing Saturday

H. A. Caton of Fresno, Ohio, will be the principal speaker at the annual picnic of South Greenville grange Saturday at Charles Haase's grove. Mr. Caton is master of the Ohio State grange and an able speaker on subjects of interest to the farmer.

Children will appear in the program in the morning and dinner will be served at 12 o'clock by the women of the grange.

The outing will close with a dance in the evening in grange hall, with music by Ariel orchestra of Neenah.

PARTIES

A "Dixieland frolic" was the feature Wednesday evening at the pavilion at Waverly beach, with hundreds of people present. Free vaudeville performances were given at 9:30 and 10:30. A southern cabin with the necessary scenery and negro songs and stunts were the features during the acts. Barney Google, was especially well received. Thursday evening there will be a "cricket party" and on Wednesday night, June 20, a "Night in Venice."

Master Karl Henry Stoffel entertained at a 12:30 dinner Wednesday noon in honor of his third birthday anniversary. The party was held at his home, 633 Hancock-st., and eight small friends were present.

Mrs. Charles Marston and Mrs. C. C. Hockley entertained at a 1 o'clock luncheon Thursday at Riverview Country club. Covers were laid for 100 guests.

Mrs. Judson Rosebush, 625 Park-st., will entertain at a 1 o'clock luncheon Friday at Riverview country club. The party is for Mrs. Stephen Rosebush who is leaving Sunday for Europe, where she will spend this summer as a member of Prof. O. P. Fairfield's party.

Attorney J. L. Johns has returned from a business trip to Madison.

MEDIUM BROWN HAIR looks best of all after a Golden Gilt Shampoo.

Appleton Advertising club, Conway, 12:15, report on world convention.

WEAK, RUN DOWN AND AILING

Lydia E. Pinkham's Vegetable Compound Brought Relief When Other Medicines Failed

Winston-Salem, N. C.—"I was weak and run-down and had trouble with my side. I had been taking medicine for a long time and nothing seemed to do me any good. My husband went to the drug store and he said to the clerk, 'I want the best medicine you have for women's troubles.' He gave him a bottle of Lydia E. Pinkham's Vegetable Compound and it has helped me. In a short time I was able to do my housework, and now I am not only able to do every bit of that and washing and ironing, but I help my husband at the store."

—Mrs. L. K. MYERS, 1409 E. 14th St., Winston-Salem, N. C.

Feels New Life and Strength

Keene, N. H.—"I was weak and run-down and had backache and all sorts of troubles which women have. I found great relief when taking Lydia E. Pinkham's Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am able to do my work and feel new life and strength from the Vegetable Compound."

—Mrs. A. F. HAMMOND, 72 Carpenter Street, Keene, N. H.

DATE WILL BE FIXED FOR C. O. F. CELEBRATION

At the meeting of the Catholic Order of Foresters Tuesday evening the officers were instructed to fix a date for the initiation of a class of candidates which is to be made part of the fortieth anniversary program. The membership teams were instructed to continue the drive until further notice. Each team submitted a report at the meeting.

CLUB MEETINGS

Girls who wish to play tennis in the Appleton Womens club teams this summer will meet at 7:30 Friday evening at the clubroom. Details of organization and times for playing will be arranged. A meeting of those who wish to learn the game will take place on Wednesday, the time to be announced later.

Rainbow Dance, Sunday, Waverly.

WILL INSTALL U. C. T. AUXILIARY AT WAUSAU

Mrs. Charles Rumpf and Mrs. George Ewen have been invited to Wausau Friday to install the officers of the newly organized Ladies auxiliary to the United Commercial Travelers. They will leave Friday morning for Wausau. A number of U. C. T. Councils in Wisconsin are planning the organization of auxiliaries.

E. R. BOYDEN SELLS INTEREST IN STORE

Brother Arthur Will, Operate Establishment At Seymour Hereafter

Special to Post-Crescent
Seymour—E. R. Boyden has sold his interest in Boyden brothers' general merchandise store to his brother, Arthur. The former will become traveling salesman for a Chicago wholesale house and he and his family will move elsewhere in about a month. The store was established 20 years ago by the late W. D. Boyden. His sons took charge after his death and have operated it since 1916.

F. H. Dean moved his insurance and real estate office to First National bank, Seymour.

Mr. and Mrs. Peter Blanshan and family are at Milwaukee. Mr. Blanshan is attending a state Masonic meeting there.

Miss Dorothy Pecotta of Kaukauna, daughter of Mr. and Mrs. Anton Pecotta, Kaukauna, was married to Reuben Krause, son of Mrs. August Krause, of Seymour Tuesday at Kaukauna. The bridegroom is in business at Appleton where they will make their home. Seymour people attending were Mr. and Mrs. Oscar Krause and child, Mr. and Mrs. Robert Pautz and children, Mr. and Mrs. Philip Luthardt, Mrs. August Krause, Sr., Arthur Krause, Ernest Krause, and the Misses Irene Krause and Amanda Roloff.

Miss Dorothy Muehl, daughter of George Muehl of this city, has finished her first year of school at Naperville, Ill., and is home for vacation.

GIVE COMMUNION TO TEN CHILDREN

Reception Is Held Honoring Return Of Father Kommers From Hospital

Special to Post-Crescent
Hortonville—Ten children received their first communion at the SS. Peter and Paul church Sunday morning. They were Sylvia Borsche, Deloris Hoerig, Marcella Gitter, Helen Sams, Sylvia Werner, Helen Fleck, Leon Schuh, John Van Stephen, Peter Van Stephen, and Cyril Unger. In connection with the services, three pupils of the SS. Peter and Paul school received their diplomas: Helen Steffen, Lorraine McHugh and Carl Samsbo.

Sunday evening about 150 members of the Catholic congregation and friends of the Rev. J. M. Kommers gathered on the lawn of the parsonage and tendered him a reception. Songs were sung and recitations were given by the children. The Rev. Father Kommers has been recuperating at St. John sanatorium, Illinois, for seven months. His health is much improved and he is now able to resume his work here.

WEDDINGS AMONG COUNTY'S PEOPLE

Special to Post-Crescent
Greenville—Miss Henrietta Knaack, daughter of Mr. and Mrs. Fred Knaack of Greenville, and Otto Krueger of Stephentown, were married at the Lutheran church here at 2 o'clock Thursday afternoon. The Rev. Leonard Kasper read the service.

A reception was held at the bride's home after the ceremony for about 100 guests. The couple will reside at Stephentown.

Seymour—Miss Helen Hackel, daughter of Mr. and Mrs. Joseph Hackel, and John Swickelowski of Hope Park, were married at 2 o'clock Tuesday morning at St. Sebastian church, Isar, by the Rev. Joseph A. Bartleme. A wedding dinner and reception were given at the home of the bride's parents, followed by a barn dance in the evening.

Seymour—Announcement has been received of the marriage of Miss Margaret Aesman of Seymour, to J. J. Rebeck of Marshfield. The wedding took place at Marshfield Tuesday. The couple will reside at Marshfield.

PICK JULY 17 TO 21 AS DATES FOR CHAUTAUQUA VISIT

Guarantors Meet Friday To Make Plans For Summer Program

Kaukauna—Mutual Exell Chautauqua will make its annual appearance in Kaukauna for one week, July 17 to July 21. Indications are that the programs offered this year will be better than ever before. W. P. Hagman, acting chairman of the local guarantors' association, has called a meeting of the 62 backers of the chautauqua for Friday evening at the public library. Plans will be made for the event and prices will be fixed.

The chautauqua last year was a financial success due to the cooperation of citizens. The cost of the chautauqua will be \$1,100. Unless money is taken in at the meetings, the 62 men who have signed the guarantors' agreement, will make up the deficit. The plan this year will be to ask each guarantor to be responsible for a number of tickets. If he is able to sell them all, his share of the responsibility will be fulfilled.

One of the biggest features of the program will be the presentation of a play entitled "Six Cylinders Love" which was exceedingly popular in Chicago and New York. Other features will be Leake's orchestral entertainers, Ida Divinoff and Paul Held, the Daystar male quartet and the Royal Holland Bell Ringers.

Lectures will be given by such men as Ernest Powell, Winifred S. Nicholas and Chancellor George H. Bradford. Community day on the last day will be for the kiddies and grown-ups as well.

30 GRADUATE FROM HOLY CROSS SCHOOL

Kaukauna—Thirty pupils were graduated from the eighth grade of Holy Cross parochial school at Commencement exercises Wednesday evening in the city auditorium. The diplomas were presented to the class by Msgr. Peter J. Lochman. James McFadden gave a valedictory address. The program was composed of several dialogues and recitations, including a one act play entitled "Mechanical Jane." The characters were Miss Priscilla Robins, a middle aged spinster, Valeria Vanevenhoven; Miss Tabitha Robins, her elder sister, Valeria Cox, Jane; a mechanical servant, Elizabeth Derus.

Those who received diplomas of graduation are James McFadden, Valeria Vanevenhoven, Irene Sturm, Elizabeth Derus, Ione Elzenberg, Elmer Esler, Leo Derus, Viola Oarski, Helen Esler, Edward Weber, Oliver Besaw, John Schuh, Helen Fahnke, Alphonse Regenfuss, Corrine Lemere, Catherine Kirkman, Florence Wodzinski, Angela Smits, Norbert Nole, Everett Driessen, Jerome Koch, Melborne Frank, Harold Feller, Thomas Mistleick, Valeria Cox, Cecelia Pechotta, Cordell Runtz, Clifford Pahnke, Byron Bielez and Edwin Mause.

KAUKAUNA WORKING ON ARTERY SYSTEM

Kaukauna—Plans to establish arterial highways in Kaukauna were made at a meeting of the city attorney, the police department and members of the north and south side road districts Tuesday evening in the council rooms. An ordinance will be drafted by the city attorney and will be presented at an adjourned meeting of the council Tuesday evening, June 25. Lawest from the Green Bay road on the north side to Third-st. on the south side probably will be designated as an arterial highway. Wisconsin-ave also will be included in the ordinance.

Social Items

Kaukauna—Little Alice Parthenon entertained a group of playmates at a party at her home, 125 Second-st. Wednesday afternoon in honor of her seventh birthday anniversary. The afternoon was spent in playing games. Twelve children were present.

A special program will be given at a meeting of Electric City chapter, Order of DeMolay Thursday evening in Masonic hall. A committee has been at work for several days. The program will be in honor of Leo G. Schussman, chairman of the advisory council of the local chapter.

ing in Holy Cross church, the Rev. E. J. LeMeux performing the ceremony. The bride couple was attended by Miss Isabelle Young, sister of the bride and James Yaroch, brother of the bridegroom. A reception was held at the home of the bride's parents in the town of Kaukauna. Mr. and Mrs. Yaroch will reside in Beaver Dam, where the bridegroom conducts a farm.

Kaukauna—The wedding of Miss Leone Young, daughter of Mr. and Mrs. James Young, town of Kaukauna, to Ray Yaroch of Beaver Dam, occurred at 5 o'clock Wednesday morning.

PREPARE TO BUILD C. & N. W. DEPOT

Rail Crews Are Busy At New London Altering Tracks, Hauling Material

(Special to Post-Crescent)
New London—Chicago and Northwestern crews are busy moving railroad tracks here so as to give more room for unloading cars and permitting new tracks to be laid. The workmen are also getting material for the new depot.

Mr. and Mrs. F. D. Locke entertained the F. S. club at cards Tuesday evening.

Mrs. Charles Pomeroy entered joined the West Side Sewing circle Wednesday afternoon.

Mr. and Mrs. Jack Hickey, Jr., spent Sunday at Appleton.

The city has purchased a new Stoughton chassis which will be used for a fire truck.

Mr. and Mrs. Paul Sielaff of Shiocton were New London visitors Sunday.

The Emanuel Lutheran church had its annual school picnic Sunday. Dinner and supper were served to more than a thousand people. Many from out of town attended.

Mrs. Arthur Bunko returned home Sunday evening from a visit at Oshkosh.

Edward and Walter Schulz of Stephentown are visiting their grandparents, Mr. and Mrs. A. Ledwig.

Ray Ross autored up from Fond du Lac Sunday to spend the day with friends.

Mr. and Mrs. Ray Marshall autored to Appleton Sunday.

Mr. and Mrs. P. W. LeMay left Saturday for a visit at Waupaca.

Mr. and Mrs. Paul Passenhoefer spent Sunday evening at Oshkosh.

Mrs. E. H. Armstrong, who has been visiting at the home of Charles Herminath left for Jacksonville, Fla. Tuesday.

DR. H. J. STAEBEN CALLED BY DEATH

Prominent Veterinarian Dies Wednesday Evening At Home At Seymour

Special to Post-Crescent
Seymour—Dr. H. J. Staeben, 63, well known veterinary surgeon, died at his home here at 6 o'clock Wednesday evening following an illness of six months with cancer. The funeral will be held Saturday morning at the Catholic church and burial will be made in Riverside cemetery, Appleton.

Dr. Staeben was born Jan. 2, 1860 in Sheboygan-co and was married Aug. 7, 1883 to Mary Krick of Appleton. There were five children, four of whom are living. Those surviving him are Fred, Fond du Lac; Mrs. Theodore Vanderhiden, Seymour; Arthur, Milwaukee, and Mrs. Vernon Lane, Black Creek; four brothers, William, South Dakota; Edward, Seymour; Fred, Sheboygan; August, Chicago; three sisters, Mrs. William Simmons, Chicago; Miss Lena Staeben, Sheboygan; Mrs. Augusta Dunn, Minneapolis; six grandchildren.

Dr. Staeben lived at Seymour for 20 years.

LARGE CROWD ATTENDS MRS. HURST'S FUNERAL

Special to Post-Crescent
Seymour—The funeral of Mrs. John Hurst at the Methodist church Wednesday was attended by many. The Rev. G. W. Lester was in charge. The bearers were George Larkin, Wesley Sherman, Otto Schuster, Joseph Swan, Samuel Knox and David Sherman. A quartet sang, consisting of C. H. Benedict, Mrs. Frank Tubbs and the Rev. and Mrs. G. W. Lester. Three granddaughters were flower girls. Mrs. Hurst was a member of the Rebekah lodge of Seymour, which attended in a body.

Out-of-town people present were: Dr. and Mrs. W. H. Towne and daughter Shiocton; Mr. and Mrs. Grant Powell, Mrs. Esther Daniels, Mrs. Alice Ralph, Mrs. Eliza McMullen and August Kehl, Appleton; Mr. and Mrs. John Hopperpetzel, Mrs. Frank Hopperpetzel, Athens; Mr. and Mrs. Ed. Ardell, Mr. and Mrs. Oscar Ardell, Mrs. Jessie Pohlman, Shiocton; Mr. and Mrs. Ervin Bruggen, Nyanza; Mr. and Mrs. Frank Kolath and family; Mr. and Mrs. Edward Kolath and family; Mr. and Mrs. August Kolath, Pittsfield; Mr. and Mrs. Mark Keenen, Henry Fox and Bert Bruggen, Nichols.

VISITS OLD HOME
Rupert and Max Henes of Eau Claire are visiting their home at Seymour this week. Rupert has been gone 25 years.

Judge John Bottensek left Wednesday for Fond du Lac where he is to sit for Judge A. G. Richter in a probate case in Fond du Lac-co court.

C. OF C. MEN GOING TO SUMMER RESORT FOR CONVENTION

Prof. Ingler And H. G. Corbett On Program June 24 At Kilbourn

Hugh G. Corbett, secretary of the Appleton Chamber of Commerce, who is chairman of the program committee for the eighth annual meeting of the Wisconsin Association of Commercial Secretaries has completed the program which will be given at Kilbourn from June 24 to 28. Some minor changes in the original program will probably have to be made before the time of meeting.

The annual dinner will take place at the Morris hotel on Monday evening after which Phil A. Grau, former executive director of the Milwaukee Association of Commerce, R. B. Beach, business manager of the Chicago Association of Commerce and Earl Williams of Eau Claire and company of Milwaukee will be the speakers. Dr. R. Boynton of Kilbourn will be toast-master.

STARTS SUNDAY

The convention will open on Sunday with community problem sermons in the Kilbourn churches. F. M. Ingler of Lawrence college will be the speaker at the Methodist church while Hugh G. Corbett will be the speaker in the Presbyterian church. Dan E. Weigle, president of Community Welfare, Inc. of St. Paul will be the evening speaker.

Chalmers B. Traver, executive secretary of the Centralized Budget of Philanthropies of Milwaukee is president of the Wisconsin secretaries. It is expected that a large part of the membership of the association will be present. Exhibits of various forms and records and of publicity will be shown.

TAKE UP PROBLEMS

Monday's sessions open at 1 o'clock with an address of welcome by C. S. Orthman of Kilbourn and the president's address by Chalmers B. Traver, Milwaukee. Problems of a small town chamber of commerce will be taken up by C. F. Pratt, Sheboygan, and city and rural cooperation will be discussed by George Girling, Wausau.

John N. Van der Vries, central district secretary of the Chamber of Commerce of the United States will be the main speaker at the noon luncheon. A discussion program will follow, with various secretaries as leaders. Resort and community development will be taken up in a series of talks which occupy most of the afternoon at Mission theater.

Tuesday's sessions will include the closing business session and an outing by boat to the Dells and return.

Jewelers Buy Little Of Novelties Which Capture For Moment

Women's Lure For Fads Causes Rapidity Of Change From One Article To Another As Fashion Dictates

Novelties in jewelry are enjoying a conspicuous place in almost every jewelry and department store. Each article fad which becomes popular some place soon finds its way into a larger circle and consequently creates a stir for several months until the next thing arrives on the market. If a woman of fashion appears with bracelets, ear rings, a ring, necklace and comb to catch it is only a matter of hours sometimes before at least a dozen other persons will have copied the idea to some degree.

The fad for extreme ear rings and novelty necklaces has attached the Egyptian touch first made prominent by the discovery of an old king's tomb. Because these are only a fad the local jewelers declare they do not stock up with such novelties. According to M. Spector, it is advisable for jewelers to buy very few if any of such articles for people so often want just the opposite thing from what is shown. Some loss will be incurred even with a small supply. He also stated such articles are not really jewelry and belong mostly to the novelty section of a department store.

"F. C. Hyde finds that the quick passing from one fad to another does not often affect the jewelry stores unless they have done ruthless buying, for very few dealers are interested enough in the novelties to put in stock any quantity of them. Even then, he says, it is only the better class of such articles which interest jewelers. Real jewelry, he went on, remains in style for quite a length of time and some articles are always wanted. It is such articles the jeweler chooses and not the cheaper kind.

The rapidity with which styles change applies almost entirely to the cheaper kinds of jewelry, said H. A. Kamps and it is such types of articles which soon become unsal-

able. Jewelers buy novelties conservatively for they do not wish to have huge supplies left on their hands.

Edward H. Hofnagel, president of the American Retail Jewelers Association, who is an authority on all types of really valuable jewelry denies the statements made by people who know nothing about jewelry but insist the modern novelties are ruining the jewelry business. Such is not the case, he has said in various articles in the jewelers magazines. The novelties are not jewelry and the majority of persons who purchase such articles do not comprise the jewelers' trade. Moreover, manufacturers of cheap types of novelties cannot possibly dictate to the jewelers because a jeweler's business is to carry lines of silver and gold articles and jewels as are always good and always desired.

According to a number of the local jewelers the things changing the most in the business are kinds of material. Just as present the demand is for platinum, white gold or green gold and silver. Other compositions are worthy and are demanded but for the present are not worn as much.

WILEY C. SAMPSON ON MASONIC COMMITTEE

Wiley C. Sampson of Wausau, who is known to many Appleton people, has been made a member of the expenditures committee of the grand lodge of the Masonic order in session the last few days in Milwaukee. Thirteen committees were appointed to guide the various activities in the state and include Masons from many Wisconsin cities. Two officers of Waverly lodge of Appleton attended the state meeting. A. C. Remley, worshipful master, and William H. Roocks, junior warden.

Miss Isabel Kilka has returned to St. Agnes convent at Fond du Lac after spending a week with her parents. Mr. and Mrs. Adolph Kilka of Black Creek.

APPLETON WANTS VALLEY TEMPLE FOR K. P. DEGREE

Will Work For 200 Candidates For "Dokey" Rank As Means To That End

A movement to begin in September to institute the Dramatic Order of the Knights of Khorassan in the Fox River valley may result in the establishment of the valley temple in Appleton, if the local membership drive to be conducted here by the Knights of Pythias is a success and Appleton receives the support of the nearby cities. It is understood that Oshkosh will also make an attempt to establish the temple there. Local knights are of the opinion that Appleton is most centrally located for the purpose, however.

At present candidates for the "dokey" degree are taken elsewhere for initiation in that side rank, but it is proposed to organize a society for the Fox River valley extending from Fond du Lac to Green Bay. It is believed that 200 candidates or "tyros" can be secured for the Appleton branch. The city which secures the largest class will be the one where the work will be put on by the Racine and Milwaukee teams and in that city probably will be located the temple of the order. The acquisition of the Methodist church building by the Knights of Pythias will afford good facilities for the Fox River valley order, it is believed.

Plans are being made for a picnic of the Fox River Valley association of Knights of Pythias at Neenah on June 29 for knights and their families. In the afternoon degree work is to be done. A special feature will be the presence of the 75 piece El Whodis Dokey band of Milwaukee. That band won second place in a national band tournament at Chattanooga a year ago.

Mrs. Arthur Rohde and daughter Rita have returned to their home in Detroit, Mich., after spending two months at the home of Mr. and Mrs. William Rohde, 1192 Oneida st.

WALTER L. MAIN CIRCUS COMING TO APPLETON TUESDAY, JUNE 26

MAY WIRTH, "PHIL" AND THE WIRTH FAMILY

The advertising crew of the Walter L. Main circus, 21 men on their special car, is in Appleton advertising the coming of the well known and always welcomed circus, which has toured the country and exhibited in the cities of Wisconsin for more than forty years.

The date announced is June 26, on the College-ave grounds, which will be used for exhibition purposes, and a big street parade will initiate the day of amusement.

The Main circus has a reputation for introducing new and wonderful acts and features; among the season's attractions is the famous riding star, May Wirth, "Phil" and the Wirth family; the twin baby elephants, Downie's performing elephants, including "Royal Carrie" that actually does the shimmy dance, and as the big menagerie feature, a recently imported African lion, declared to be the largest ever exhibited in America.

The seven riding Lloyds direct from Australia, in their frontier days equestrianism, Ben Hasen's Troupe of Arabian Wonders, Brock Trio; Marguerite and Henley, and the great Upside Down Dooley, present a series of aerial and acrobatic innovations.

It has been sometime since a circus last appeared in Appleton and the visit of the Main organization will be a welcome treat to the hundreds who enjoy the equestrians, trapeze artists, the elephants, clowns and other time honored features of a regular big tent show.

TOUGHER FOR CROOKS

Paris—Paris police are going to be sure of finger prints. To study them better, the department has installed an apparatus which magnifies them ten times before projecting them on a table.

SAY IT WITH FLOWERS
Tuesday morning I noticed a woman coming out of the Kimberley green house with a potted plant. There was nothing unusual looking about her and I was about to look away when she started to pull something out of her pocket. It was a rose. Then she pulled a carnation out of another pocket. By the time she had collected the flowers from all her pockets she had a good sized bouquet.

NEW ORDER OF HOUSE MAID
How different it is with the house maids of today. I was visiting at the home of a friend when a girl came to apply for a position as maid. My friend asked her questions and found that she was not willing to do the washing and could not cook very much. Then the girl asked to be taken through the house. In the living room she saw the piano. "Oh, I like a piano," she said. "I'll stay."

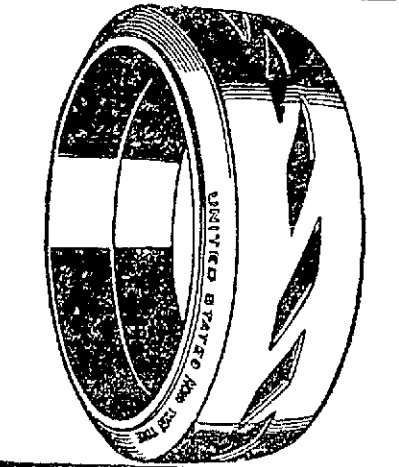

PICTURE MADE HIM TIRED
At the end of the second show at a local moving picture theatre on Sunday evening, I noticed a man sound asleep in his seat. None of the audience waked him, but I trust the theatre manager did not leave him there for the night.

FALLS IN CATCH BASIN
While on my way to work Tuesday noon I witnessed an accident at the corner of Rankin and Atlantic which might not have been so funny had not the victim been fortunate. An acquaintance called to me to wait while he used up the last film he had in his camera. Trying to find a vantage point from which to take the picture of his home, his glance fell on a catch basin, one of the kind that resembles a grate and stick up a foot from the dirt streets on which they are used. My friend kept his eye glued on the view finder of the camera, stepped upon the cover of the catch basin, which apparently was not properly set and down he went into the catch basin with one leg as far as he could go holding the camera aloft to save it from harm. Judging from the gentleman's remarks, which are unprintable, and his very decided limp the accident must have been a pain ful one, though not serious.

PICK IT UP HABIT
One small girl showed practical results of the citizenship class in school Wednesday morning. An older girl walking ahead of her in the City Park was lunching from various cans she ate one candy she would throw the wrapper in an unsightly bunch on the lawn. The smaller girl carefully picked up each piece of paper and threw it in the garbage containers.

Rehearse Tonight
The 120th band will hold a rehearsal Thursday evening. The rehearsal Monday evening was dispensed with because of the concert at the City park given by the Milwaukee booster band.

STOP ITCHING SKIN
Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief
There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, Pimples, Blackheads, Eczema, Blisters, Ringworm and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

LEGAL NOTICES
WHEREAS, the common council of the city of Appleton has duly authorized a bond issue in the sum of four hundred and twenty five thousand (\$425,000) dollars, intended to cover the cost of erecting and equipping two Junior high schools and purchasing sites therefor.
AND WHEREAS, said sum was the amount recommended by a joint committee of the Board of Education and the common council which joint committee based its estimate upon the estimate of a certain committee of the state department of public instruction board of vocational education and the University of Wisconsin, which made a school building survey of the city of Appleton in the spring of 1922. And WHEREAS, said committee of the state department of public instruction and others in said survey, made its estimate of cost of construction upon the basis of eighteen cents (18c) per cubic foot, the approximate cost, at that time, and
WHEREAS, the board of education now represents that the average cost of construction has now arisen to approximately twenty eight cents (28c) per cubic foot, and as a result the amount authorized by said board is insufficient to wit four hundred and twenty five thousand (\$425,000) dollars will be entirely inadequate to purchase sites, erect and equip two Junior high schools of such a kind and character as the city of Appleton needs and should have for the accommodation and needs of its children attending said Junior high schools and
WHEREAS, the Board of Education is further of the opinion, that, because of the distance of the proposed Junior high schools from the Four hundred and twenty five thousand (\$250,000) dollars should be expended in remodeling the Fourth ward district school building and equipping the same for Junior High school purposes, of course, with the permission of and under some proper arrangement with the Fourth ward district, in order that such members of the seventh eighth and ninth grades of the Fourth district, as may so desire, may enjoy Junior high school privileges in the Fourth ward, instead of traveling the long distances to the proposed Junior high schools.
NOW THEREFORE BE IT RESOLVED that the common council of the city of Appleton deems it necessary to provide additional funds to be used in purchasing sites erecting and equipping two Junior high schools, and to remodel and equip the Fourth district school building so that it may be used in part for Junior high school purposes, and that bonds of the city of Appleton in the amount of two hundred fifty thousand dollars (\$250,000.00), be issued and sold for said purposes and
WHEREAS, the total bonded debts of the city of Appleton including this issue, amounts to the sum of eight hundred and four thousand dollars (\$804,000.00) and does not exceed the limitation as imposed and fixed by sections 57 03 and 57 04 of the Wisconsin statutes, that the amount of said bonds outstanding and previously issued by the city of Appleton amount to four hundred and thirty thousand dollars, (\$430,000.00), and
WHEREAS, the value of all taxable property in the city of Appleton according to each of the last preceding five (5) valuations thereof, and the average of such valuations are as follows:
Valuation, 1918—21,203,693
Valuation, 1919—21,288,243
Valuation, 1920—23,121,800
Valuation, 1921—23,538,539
Valuation, 1922—24,567,515
Average valuation—23,763,565
NOW THEREFORE BE IT RESOLVED that for the purpose of aid in purchasing sites, erecting and equipping two Junior high schools, and for the purpose of remodeling and equipping the Fourth district school building so that it may be used in part for Junior high school purposes, there be borrowed upon the credit of the city of Appleton the sum of two hundred and fifty thousand, (\$250,000.00) dollars and that bonds of said city be issued therefor, said bonds to be designated Appleton Junior High School Bonds be of the denomination of one thousand dollars, (\$1,000), said bonds shall bear date Feb. 1, 1924, and shall become due and payable as follows to wit:
Bonds numbered 1 to 70, both inclusive on Feb. 1, 1941.
Bonds numbered 71 to 130, both inclusive, on Feb. 1, 1942.
Bonds numbered 131 to 190, both inclusive, on Feb. 1, 1943.
Bonds numbered 191 to 250, both inclusive, on Feb. 1, 1944.
That said bonds shall bear interest at the rate of four and three fourths per cent (4 3/4 %), per annum, payable, Aug. 1, 1924, and semi-annually thereafter on the 1st day of Feb. and the 1st day of Aug. of each year and that said principal and interest shall be payable in lawful money of the U. S. of America at the office of the city treasurer in the city of Appleton, Wisconsin.
BE IT RESOLVED, FURTHER, that the city clerk be and he is hereby directed to publish this resolution in the Appleton Post Crescent, the official newspaper of said city on the 17th and 14th days of June, 1923, and that this resolution be presented for final reading and adoption at the regular meeting of the common council on the 20th day of June, 1923.

STATE OF WISCONSIN
County of Outagamie.
In the matter of the application to determine the descent of the real estate of Alonzo Anderson deceased.
Notice is hereby given that at the special term of said court to be held on the first Tuesday of August, 1923, at the opening of court on that date, at the court house in the city of Appleton, in said county and state, there will be heard and considered the petition of Nick Dohr as grantee of all of the heirs at law of said deceased for the determination of the descent of certain lands and real estate of said deceased, and the interests of his heirs.

THIRD AND FIFTH WARD LEADERS IN BUILDING ACTIVITY

Homes Aggregate 39 Per Cent Of All Construction, Permits Show

Building in Appleton is most intensive in the Third and Fifth wards, according to the construction map of the city building inspector. Of 325 permits issued up to a few days ago, 55 were for work in the Third ward, 51 in the Fifth ward, 61 in the Sixth ward, 46 in the First ward, 37 in the Second ward and 25 in the Fourth ward.

About 39 per cent of all permits issued is for the construction of residences, 43 per cent for the building of private garages and 13 per cent miscellaneous projects, both large and small, such as the Masonic temple, Y. M. C. A. addition, porches, basements, alterations, additions and other work.

Permits issued for work that costs less than \$50 and which does not affect the lot area occupied by the building in question are not recorded.

ON THE SCREEN

VIOLA DANA'S NEW PICTURE HER BEST

Aided by the best screen vehicle she has ever had, dainty little Viola Dana provides the most delightful entertainment we have seen in many a day in her new Metro picture, "A Noise in Newboro," now at the Elite Theatre.

This new comedy-drama proves a happy combination of swiftly moving plot, laughs, and excellent acting, with just enough fine pathos to spice it.

Miss Dana is more winsome and delightful than ever. She moves through the picture with lovely grace, interpreting each situation with incomparable skill. And she has untold opportunities to reveal her versatility.

This talented little star interprets both pathos and light comedy with deep sincerity.

She plays the role of a girl who was neglected in her home town because she was poor. Martha resents the littleness of Newboro and resolves that someday she is going to rouse these worthy citizens from their small town complacency. After she becomes a famous artist in New York, she goes back to Newboro and she is more than successful in making a noise. What a wonderful big noise it is! And Newboro won't forget it soon.

Miss Dana is supported by a particularly fine group of players, among whom are David Butler, Eva Novak, Allen Forrest, Betty Francisco, Alfred Allen, Malcolm McGregor, Joan Standing, and Bert Woodruff.

The screen version was prepared by Rex Taylor from the story by Edgar Franklin. The picture was photographed by John Arnold.

BOTTENSEK TO ATTEND JUDGES' CONVENTION

Judge John Bottensek is planning to go to Waupaca next week to attend the annual state convention of county judges June 21 and 22. There are 72 members of the organization. Milwaukee-co has two county judges.

Discussion of recent laws affecting the work of the jurists will occupy the business sessions. A special program of social events has been arranged for the judges and their families.

SOO LINE ARE RAILROAD EARNINGS GUARANTEED?

Members of a certain political group have been charging that the "Transportation Act, 1920" (the Esh-Cummins Law) "GUARANTEES" the railroads six per cent earnings on the valuation on their properties by the Interstate Commerce Commission.

The Transportation Act, 1920, provided that the rates should be fixed high enough by the Interstate Commerce Commission to allow the roads to earn a FAIR RETURN, after September 1st, 1920, on the valuation placed on their properties by the Commission.

In 1920 the Commission declared that six per cent on the valuation adopted by it would be a fair return. In 1922 it declared that five and three-fourths per cent would be a fair return.

As a matter of fact, the rates fixed by the Commission yielded the roads as a whole only THREE per cent in 1921 on the valuation adopted by the Commission; and only FOUR per cent in 1922.

If it were TRUE that earnings of six per cent were guaranteed, the Government would have been obliged to pay the roads many millions of dollars for the years 1921 and 1922. No such payment has been made or will be made to any railroad.

THE GOVERNMENT DOES NOT GUARANTEE RAILROAD EARNINGS.

G. R. HUNTINGTON, President, Soo Line.

2 DELEGATES TO JEWISH MEETING

Spector And Kiss May Attend B'nai B'rith Convention In Duluth

M. Spector, as past president of the local lodge of the Independent Order of B'nai B'rith, is the official delegate to the fifty-fifth annual convention of district grand lodge No. 6 at Duluth, July 1 to 4. A. L. Kiss is the alternate delegate.

The principal speaker at the convention will be Alvin M. Owsley, national commander of the American Legion. He will speak at the convention banquet Tuesday evening, July 3, at the Spalding hotel, where more than 500 members of the order and their wives from all sections of the northwest and Canada are expected to assemble. This will be the first appearance of Mr. Owsley at a Jewish gathering, and his address is being awaited with interest.

The entertainment program for the Duluth convention includes automobile tours through Duluth and Superior, a swim and a supper at Pike lake, the summer home of the Duluth Auto club, a banquet and a ball at Spalding hotel, as well as luncheons, launch parties and a picnic for the women. A public initiation of a large class of candidates will be one of the convention features Sunday afternoon, July 1. The convention will end with the annual memorial services Wednesday afternoon, July 4.

CITY'S TREASURY 'FLUSH' IN MAY

The general fund of the city of Appleton showed a balance of \$201,328.62 on May 1, according to the last financial report to the city council by E. L. Williams, city clerk. The bridge fund with its accrued interest now amounts to \$178,604.28. The balance in the firemen's pension fund totaled \$23,221.52, that in the police pension fund, \$6,914.06. Expenditures during the month for all general purposes aggregated \$53,742.97. The sum of \$1,694.93 was received for the general fund.

WOOD TURNS TO GOLD
Auvergne, France—An antiquated cafe table was being chopped into firewood here recently. Out of its logs rolled out 122 gold coins. They bore the likeness of Louis XVI.

Popularity Proves its Goodness

County Ranks Ninth In State In Number Of U. S. Taxpayers

Appleton Is Eleventh Among Badger Cities With 2,113 Persons Paying Federal Income Tax Annually

Outagamie-co was ninth among the counties in the state and Appleton was eleventh among Badger cities for the number of persons who filed federal income tax returns in 1921. In Appleton there were 2,113 persons, or about 10 per cent of the population, and in the county there were 3,222 persons that filed returns.

About 2.23 per cent of the state's population paid federal income tax, according to Commissioner of Internal Revenue Blair, who has for the first time made public the income tax return by counties. The average tax paid by Badgers was \$60.43. The per capita tax for the state was \$3.41. A total of 148,457 persons in Wisconsin made returns on a total net income of \$379,754,222 and paid thereon a tax of \$3,971,044.

Counties that led Outagamie-co in number of tax payers were as follows: Milwaukee, 60,912; Racine, 6,447; Dane, 6,219; Douglas, 3,616; Brown, 3,356; Fond du Lac, 3,343; LaCrosse, 3,321; Kenosha, 3,319.

Cities that led Appleton were Milwaukee, 58,618; Racine, 6,543; Madison, 5,262; Kenosha, 3,655; Superior, 3,531; Green Bay, 3,351; Fond du Lac, 2,569; LaCrosse, 2,970; Janesville, 2,120; Oshkosh, 2,418.

Wisconsin ranked twelfth among the states for number of tax returns filed. The number of returns for the country as a whole was 6,662,176, on a net income of 19,577,212,524, on which a tax of \$19,387,106 was paid. The average tax in the nation was \$107.38.

For Wisconsin the falling off in number of returns was 1,305, or 1.33 per cent the reduction in the total net income was \$56,682,588 or 12.39 per cent, and the decrease in the tax was \$4,261,487, or 32.20 per cent.

For the United States the falling off in net income was \$4,158,417,655, and the decrease in the tax was \$355,666,500. The average tax in 1921 was \$107.08, as compared with \$148.05 in 1920.

NOTICE!
Larsen's Chiropractic Parlors will be closed from the 17th to the 24th of June on account of going on one week's vacation. Office open Monday, June 25th. ROBERT LARSEN, D. C.

Looking Ahead

IN ATTEMPTING to vision the demands for its products, which the next ten years may develop, the Standard Oil Company (Indiana), taking counsel of its long experience, is preparing to care for an enormously increased business when it develops.

In the decade just past the demand for gasoline has increased far beyond the dream of the most imaginative, as viewed from 1913.

In that year there were 1,287,000 automotive vehicles registered in continental United States.

Today there are more than ten times as many, yet, the Standard Oil Company (Indiana) is able to supply the demand for its service now more promptly and with greater efficiency than was possible ten years ago.

The Company has been able to keep up with this great, constantly increasing, demand because it always is working with a keen eye to the future and preparing, so far as is possible, for the extreme demand which may be developed.

During the past ten years the Company has found it necessary to expand its manufacturing facilities to an extraordinary degree; to create and develop processes which would recover a greater amount of gasoline from a given quantity of crude, without in any way sacrificing quality—to expand and perfect a network of distributing outlets which would operate with machine-like precision—bulk storage depots, service stations, delivery trucks and tank wagons.

Not even the remotest spot in the ten Middle Western states is without Standard Oil service.

All of these things have been done. They have been accomplished without any blare of trumpets—just as a part of the day's work.

It is the ambition of the 27,000 men and women who make up the personnel of the Standard Oil Company (Indiana) to conduct every department of the Company's activities so that you, as an American citizen, will point with pride to the Standard Oil Company (Indiana) as a leader in a highly specialized branch of an essential industry.

UNCLE SAM TO CUT BIG BOND MELON

First Liberty Loan Interest Payable June 15 At Banks And Postoffice

Friday, June 15, will again be Uncle Sam's payday for thousands of holders of first liberty loan bonds in this county as well as elsewhere. About \$75,000,000 of interest on the public debt will be paid to the investors throughout the country.

Holders are urged to clip their interest coupons due on this date and present them for payment at any bank or the postoffice. Postmaster William H. Zuehlke states that he will accept these coupons as part payment toward the purchase price of a \$25 United States treasury savings certificate which is offered for \$20.50.

ONE COMPETITOR FOR ROAD PROJECT

Wilson-Johnson Construction company of Appleton was one of the two lowest bidders last week on two relocations south of DePere on state trunk highway 57. Campbell Construction company of Minneapolis was the other low bidder. Both bids were approximately \$103,000 and have been sent by the divisional highway office at Green Bay to Madison.

Owing to the late start of the work, district officials expressed their belief that the contract probably would be awarded to the contractor who could finish the job the earliest. When the cost of the cement, engineering, and right-of-way are added, the total expense probably will be about \$166,000.

R. J. SCHAEFER IS MEMBER OF U. S. HOLSTEIN BOARD

Greenville Breeder Represents Outagamie-co At National Meeting

R. J. Schaefer of Greenville, one of the leading dairymen of Outagamie-co, has been elected a director of the National Holstein-Friesian Breeders association, according to reports received here from the national Holstein convention at Cleveland, Ohio. Mr. Schaefer was an official delegate from the county and attended the sessions.

Former Gov. Frank O. Lowden of Illinois was reelected president. John M. Kelly of Baraboo was reelected secretary.

Sales of purebred Holstein cattle averaged \$700 a head at the national exhibition which was part of the convention.

BIRTH CONTROL MOVEMENT LED BY NIPPON BORONESS

By Associated Press
Tokio — Birth-control and anti-birth control societies are coming into existence throughout the country following the visit of Mrs. Margaret Sanger to this country last year.

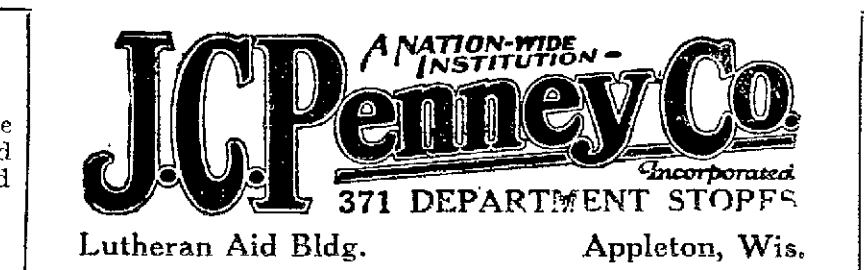

Soon after her departure, birth control advocates began to organize under the direction of Baroness Ishimoto, and they have been steadily enrolling members, particularly in the industrial centers. An organization composed entirely of women has been formed to fight the movement.

One bull consigned by the Carnation stock farms, Waukesha-co, sold for \$4,100.

Oney Johnston Post Seeks Most Popular Girl In The County

Popularity Contest To Select
Queen For July 4 Celebration
Starts Today — Diamond
Rings Offered To Winners

(Continued from page 1)

vided into districts with an American legion post in charge of each district outside of the city of Appleton and Oney Johnston post directing the work in the six districts in Appleton. Each ward in this city is to be a district. Immediately after the nominations are closed the district lines will be obliterated and candidates may solicit votes in any part of the county or anywhere else. The various legion posts in the county will receive 10 per cent of all the money collected with the votes by candidates in their districts.

NOMINATION BLANKS

Nominations are to be made on blanks which will be found on page 2 of the Post-Crescent today. Any person may nominate any woman he desires and all women nominated by midnight on June 18 will be officially in the contest. Voting books will be distributed to the candidates on June 20 so they can start the work at once. Nomination blanks are to be mailed or delivered to Legion Queen Headquarters 788 College Ave. Appleton.

There are no strings attached to the nominations all that is necessary is that the girl's name be entered and the person who makes the nomination sign his name. Names of nominees will be published in The Post-Crescent on June 20 and the candidates will be officially notified by the legion.

VOTES AT 1 CENT EACH

Votes are to be sold either by the candidates themselves or their friends at the rate of 1 cent for each vote. Candidates will be given ticket books in which a record of votes and money collected will be kept and every person voting will be given a receipt. The books of stubs are to be sent to the Legion Queen headquarters as soon as the votes are sold.

Every dollar collected by the candidates will be used to buy the three diamond rings and to defray expenses of the legion celebration except the 10 per cent that is returned to the legion posts in the districts the candidates are nominated.

Votes may be sold in any quantity from one up. Each vote costs 1 cent and all the money is to be turned into legion headquarters. No votes will be counted unless the money to correspond with the number of votes reported accompanies the ballots.

WANT GET HELP

Candidates may secure much help as they desire to sell the votes and thereby work up in the race for the rings and the honors which will be accorded the Legion Queen.

Nominations are to be made only in the district in which the person who wishes the nomination lives. A first ward resident can nominate only a first ward woman, but the candidate may solicit votes in any district.

Oney Johnston post has charge of

the six ward districts in Appleton and the remainder of the county has been assigned to various legion posts. The district and the posts to which they are assigned follow:

NEW LONDON POST—New London, Liberty, Maple Creek.

HORTONVILLE POST—Hortonville, Horton, Ellington.

DALE POST—Dale, Medina, Greenville.

SHIOCTON POST—Shiocton, Boylston, Maine and Deer Creek.

BLACK CREEK POST—Black Creek, Cicero, Osborn.

SEYMOUR POST—City and town of Seymour, Oneida.

KAUKAUNA POST—Kaukauna, town of Buchanan.

FREEDOM POST—Freedom, Center, town of Kaukauna.

LITTLE CHUTE POST—Little Chute, Vandenberg, Kimberly and Grand Chute.

GOES TO WEST COAST FOR MEDICAL MEETINGS

Dr. and Mrs. M. J. Sandborn left Thursday for the Pacific coast where Dr. Sandborn will attend a meeting at San Francisco of the Biological Society of North America which precedes the annual convention of the American Medical Society. They will be gone a month and will make a tour of California, Oregon and Washington before returning.

MOTHER TAKES SCORNED GIRL BACK TO HER HOME

Miss Dorothy Tomfeldt who Sunday morning attempted suicide after her lover J. T. Davern deserted her in a local hotel returned to her home at Frederick early Wednesday morning in company with her mother. She had been cared for in St. Elizabeth hospital after swallowing iodine.

The young woman is now cured of her love for the unfaithful photographer who it seems, has completely evaded the clutches of the police. She said Davern had promised to marry her.

GUARD INSTRUCTOR TRANSFERRED HERE

Captain F. B. Rogers Of Regular Army Takes Up Residence In Appleton

Appleton has been designated the headquarters for Captain F. B. Rogers, regular army, who is on a four year detail as instructor in the national guard. Captain Rogers had been stationed at Wausau for a year but was transferred to Appleton when the guard company in the northern city was disbanded following the cut in state appropriation.

Captain Rogers will work with in

MORNING FOUND HER TIRED AS AT NIGHT, SAYS MISS SNIDER

Chicago Girl Now Praises Tanlac For Restoring Health—Gains 8 Lbs

"When I get started telling anyone about Tanlac I get so enthused I hardly know when to stop for this remarkable medicine has done me so much good I could praise it the live long day," declared Miss Margaret Snider popular girl of 5527 S. Wabash St. Chicago.

I passed through a year of misery with stomach trouble and was in a terrible run-down condition. My appetite left me and I was eating scarcely enough to keep up my strength. I had splitting headaches my sleep was so disturbed and my nerves in such an excited state that every morning found me as tired and worried as when I went to bed.

The Tanlac treatment is certainly wonderful. I have now taken four bottles and it has given me a keen appetite, my food agrees with me and I have gained eight pounds. All my other troubles are gone too and as for my recommending Tanlac that goes without saying.

Tanlac is for sale by all good drug stores. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

senior units in the vicinity of Appleton attending drills, instructing men and officers certifying payrolls and performing other duties. He still has three years of his four year detail to serve and there is a possibility he will remain in Appleton for the remainder of the period.

Appleton's splendid armory has aroused the admiration of the officer. One of the reasons why the Wausau company was disbanded he said was the lack of attention paid to the armory which had been permitted to get in poor condition.

Captain and Mrs. Rogers and their two children have taken quarters on Eldorado-st.

Announcement

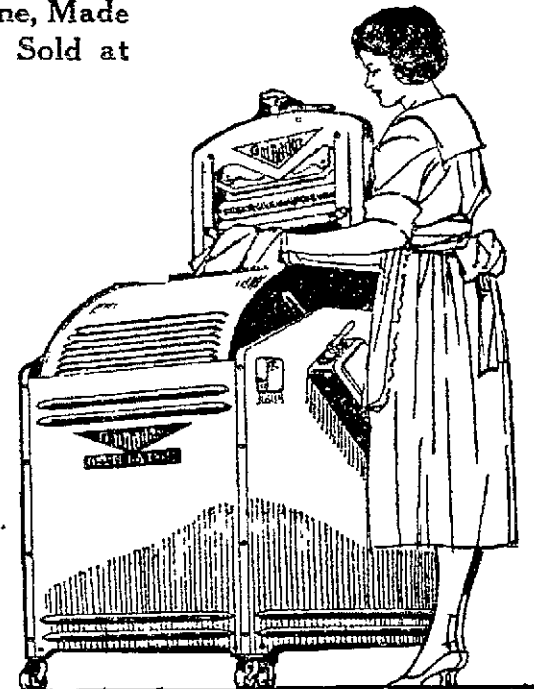

I have become associated with the Wilson Music Co. of Oshkosh and Stevens Point. Will represent them in the territory until July 1st with the following lines: Victrola, Gulbransen Player Pianos and Knabe upright, grand and reproducing pianos. After July 1st will take charge of the new store in the Hotel Whiting at Stevens Point.

Timothy hay, baled, ton \$7.00-8.00; straw baled, ton \$4.50-5.50.

DEATHS

MADISON J. ROGERS

Madison J. Rogers, 53, died Wednesday evening at the home of his son, Charles T. Rogers, Brickyard rd., after an illness of more than three months. He was born Nov. 15, 1839 in Essex-co., New York, and came to Wisconsin at the age of 10 years with his parents who purchased a farm on the bank of Fox river. He still lived there at the time of his death.

Mr. Rogers was a veteran of the Civil war with a record of three years service. He is survived by three children, Nathan and Charles Rogers, town of Grand Chute; Mrs. Nellie Ziegert, town of Maies, one sister, Mrs. A. E. Aldrich, Lansing, Mich.; eight grandchildren. The funeral will be held at 1:30 Saturday afternoon from his home with burial at Oakhill cemetery, Neenah.

FRIEDERS FUNERAL

Funeral services for Mrs. Phillip Frieders were conducted at 2 o'clock Thursday morning at St. Joseph church and interment was made in St. Joseph cemetery. The bearers were Martin Weyenberg, Joseph Mayer, Charles Schneider, Michael Albert, Matthias Rossmel, George Schieder, mayor, Albert Wenneman and William Stoebauer.

BUTLER FUNERAL

The funeral of William B. Butler will take place at 9 o'clock Friday morning at St. Mary church, with burial in St. Mary cemetery.

BUICK COUPE

Everybody knows Buick values. Here, without doubt, is an unusual used car, value that will give the performance of a new car. Be sure to look this over—

1922-4 cylinder Buick Coupe, run about 8,000 miles. Equipped with 5 cord tires, bumper, motorometer, step plates, rearview mirror, primer and car heater.

This car has received the best of care and attention—for instance, the upholstery is like new because previous owner used a complete set of Gordon seat covers. Because of excellent care this car is also in perfect condition mechanically.

If you are in the market for a used car it will give you great pleasure to show you this car—for it is a very good buy.

M'Gillan Orders Stop To Useless Arguments In State League Parks

League Head Tells Umpires To Fine Players Who Argue Decisions—Says Fans Are Protesting

Baseball players in the Wisconsin State league who argue with umpires hereafter will find themselves separated from \$10 in real money as a result of an order issued by President T. E. McGillan, Menasha, to his umpires to immediately put a stop to the habit of quarrelling with the players. President McGillan announced he issued the order at the request of dozens of fans in the valley cities who are disgusted with the time-killing tactics that are delaying ball games.

Not only will the players be fined but a penalty also will be hung on the club owning the offender. President McGillan declared that only the playing captain will be permitted to protest decisions and then only when there appears to be an infraction of the rules.

Following is McGillan's letter to the umpires and managers of the league: "In the interests of the baseball loving public on whom rests the success of the league and who attend the games not to listen to baseball players arguing with umpires and umpires arguing with players, but who have paid their money to see baseball played, it is the writer's determination acting as President of this league, to put a most decided stop once and for all on the small town, back lot, school boy tactics, in the way of arguments which are slowly creeping into the league games to the disgust of the fans.

"The umpires are the representatives of the league and as such are authorized and required to enforce the rules. The umpires from this date will positively not tolerate any arguments covering their decisions and the writer's positive orders are, if play is delayed by infraction of this rule, that not only a fine of ten dollars be assessed against the player but an additional ten dollars be assessed against the team harboring the player.

"The writer is not blaming the players all together in this regard for I have witnessed on three or four occasions the umpires being guilty themselves in allowing a half dozen players to drape themselves about an umpire's person in some useless, nonsensical, stalling argument, thereby delaying the game. The playing captain and he alone has the right to protest against a decision and seek its reversal on a claim that it is in conflict with the rules. This does not mean that even the captain has any right to argue with the umpire covering the officials' judgment on balls, strikes or whether a ball was batted fair or foul. I repeat, a captain is only to be listened to when he protests against a decision which he thinks is in conflict with the rules. The ruling on abusive language on the diamond is equally as emphatic.

"It appears that it would be very difficult to make myself more clear covering the conduct of the games and the above not strictly enforced in the future will be the basis on which resignations will be requested.

"The writer is addressing this communication to both the managers and umpires so that there will positively be no grounds for a misunderstanding."

BADGER HURLS NO HIT, NO RUN GAME

Janesville—Baseball fans of southern Wisconsin are sitting up and taking more notice of the Southern Wisconsin Home Talent League. Sunday's games are the reason.

The official score of the 1-0 game by which Edgerton kicked Fort Atkinson out of first place, shows that Earl Whitford, the twirler for the Edgerton team, turned in the first no-hit, no-run game in southern Wisconsin. This is the more unusual considering that the contest was played entirely in a drizzling rain.

It was a great contest throughout, for Izzy Franke of the Fort Robins allowed the Tobacco city, but four hits.

If this were not enough, Stoughton and Deerfield battled for ten innings at Deerfield, the Hub finally winning from the Deers in a beautiful contest, 2 to 0.

Every team in the circuit is afraid of the Janes of this city. The announcement of the batting averages shows that the locals are toying the loop with a team average of .330. Yet they are trailing in last place.

Hefferman of the Janesville Boosters is showing the way to the players in hitting average, having a mark of .692 for four games.

HE FOOLED 'EM
Cleveland, Yorks, England—An old boot for years did the work an iron shoe is doing for a local resident. Large sums of money, collected after the banks closed, were deposited in the boot. The owner argued burglars would never think of looking there for money. And he was right. But he feels safer with the safe.

Mr. and Mrs. Wenzel Hasemann, Mr. and Mrs. Joseph Grasseberger and Mr. and Mrs. William Knorr auted to Milwaukee Wednesday where they were guests of Mr. and Mrs. Carl Keller, formerly of Appleton.

GREEN BAY GOLFERS DUE HERE SATURDAY

The Riverview Country Club next Saturday will play a friendly golf match with the Fond du Lac and Country Club on the Appleton links. This is one of many invitation matches on the schedule of the local club, one game being played on the home links of the visitors. Generally the visiting team brings from 25 to 30 players, most of them business men, who are matched as evenly as possible with opponents who have the same handicap or standing on the home links. This method of procedure always results in close matches. The man who wins the first nine holes scores one point. If he wins the next nine also, he wins two. But if he wins the first nine, loses the second, and wins the third, he gets only one point for the two victories. The last time the Appleton team visited Green Bay, the visitors had more men at the links than the home men, and some of the Riverview players found themselves matched against their own teammates at the beginning of the match. Later, the Green Bay club succeeded in reaching some of its best players who stepped in and won the match for their own club.

7 GAME SEASON FOR VARSITY GRIDMEN

Madison—The athletic council of the University of Wisconsin which has always opposed an eight-game football schedule, has decided to "stand pat" this year and will not schedule the extra game recently voted by the conference. The athletic council at Wisconsin, composed of the director of physical education, the business manager of the university, and a representative from each college and the student body, takes the position that two preliminary and five conference games are all the student-athletes should be expected to play in one season.

Whether Wisconsin will schedule eight games in 1924 has not been determined and probably will depend to some extent on the experience of those conference teams which add the eighth game to their schedule this year.

One Handed Diamond Star

LEO FEENY

Chicago—"One hand is better than two."
That means for baseball playing—not checkers.

And "Red" Feeny (he's Leo in the family Bible) ought to know.

Although he uses only one hand, his batting average is .416. None of his teammates on the Resolute Nine can come up with him.

"When 'Red' was born 23 years ago, his left hand was missing. Was he downcast? None of his infant tears was ever shed over that. He simply set to work to make an asset out of a necessity.

"Using only one hand to bat with, I can place the hits more accurately," he explains. "The bat can be swung

more like a tennis racket. Of course, with a single arm I get a much longer swing. But the principal advantage is in accuracy of short hits, when they are needed.

"In the field I can get the ball away just as fast as any of the others. It is just second nature when I catch the ball to duck my glove under the other arm and have the ball free in my hand for the throw.

"I know I'm worth more to the team than if I had two hands."

Besides playing baseball with the Resolute Nine, Feeny goes in for basketball, football, tennis and golf. For a job, he works in a real estate office and drives prospective customers around in his car with the ease of any taxi chauffeur.

MENASHA DESERTS AMATEURS' LEAGUE

Payed Players Cause Home Players To Leave Kromer Wheel

Another team has dropped out of Stormy Kromer's baseball league. Menasha, which defeated the Appleton team Sunday with the aid of one Appleton and one Oshkosh player whom they had hired for the occasion, has been paying its players since the beginning of the season and now finds itself without the necessary funds to continue.

Kromer has two new teams lined up for next Sunday, one in Green Bay and another in Appleton, but the Appleton team still lacks a catcher, two infielders and one outfielder for the game scheduled with Fond du Lac, and any applicant for these positions is requested by Kromer to see Mr. Newman at the Stanton Tire Shop. The Fond du Lac team is one of the strongest in the league.

SPORT VIEWS AND NEWS

Sailor Friedman evidently isn't worrying much over the result of his battle with John Law as the Chicago scrapper has signed up to mingle with Lew Tender at Michigan City on July 4. Friedman is one of the defendants in the Windy City. The Sailor was found guilty at the first legal tilt but this time he is confident of a different kind of a verdict.

The fight bug is making its usual championship appearance in New York and several ambitious promoters are arranged for a special train to Shelby and return. Those hopping aboard will be taxed \$25 but this will be a "coverall" charge including ring side seats at the Dempsey-Gibbons mixup. During their stay in the Monticello town, the fight tourists will use the train as their hotel. The promoters hope to "rope in" about 25 for the jaunt.

Babe Ruth poled out home run No. 13 in Tuesday's game against Cleveland. The former king of bats is not so far behind Cy Williams, who is leading the circuit's out, batters in the majors. Babe is trying to make hay while the sun shines as the veteran Williams has been on the shelf for a week or so with a wrenched back which he injured while trying to drive the ball out of the lot.

Stormy Kromer is trying his hardest to keep the Home Players loop together. Several of his clubs have dropped out but as soon as one team quits, the magnate digs up another squad to take its place. If Kromer could discover some way even to meet traveling expenses of the spokes in

DICK BOYA SIGNED FOR JULY 4 CARD

Clever Appleton Scrapper Will Battle Young Church Of Green Bay

Two preliminaries for the Independence day fights at the Appleton armory have been arranged and several others are in process of negotiation. Dick Boya, of Appleton, who showed to good advantage in his battle with Diel here on May 26, is on the card to meet Young Church, 133 pounds, and Red Edens of Menasha will battle Kid Roberts of DePere, 123 pounds.

It has been intended to get Flan Kain and King Schwabs to stage another bout, but this deal fell through, as Kain has accepted a position in Milwaukee and will consequently be unable to get here, and Schwabs has a sprained hand, which, the doctors say, will not be sufficient healed by July 4, for him to put up a real fight. Young Bill Zwick, brother of the Kaukauna Sheik is willing to show his stuff on this card, but as yet no opponent has been found for him. However, Elmer Johnston, who is arranging the card, is confident that this part of it will be easy to arrange, and also that he will be able to find a lot of other able talent to help entertain a fight thirsty. Fourth of July publicity.

WANT M'TIGUE IN DUBLIN TO BATTLE SIKI AGAIN

New York—An offer of 120,000 to Mike McTigue, world's light heavyweight boxing champion for a return match with Battling Siki in Dublin in September was made on Wednesday by Irish interests, according to Joe Jacobs, the title holder's manager. Jacobs deferred his decision, but indicated he would accept. McTigue earned the 175 pound crown from Siki on points in a twenty round match at Dublin last St. Patrick's day.

Cincinnati—Sammy Mandell, of Rockford, Ill., defeated Jack Wolfe of Cleveland in a 12 round bout. The men are featherweights.

his wheel, the circuit might survive the season. But in these days of "high finance" the players aren't very anxious to dig down in their own pockets and foot the bill.

Richie Mitchell made another attempt to come back but fell by the wayside. The Milwaukee scrapper was on the receiving end of a ten round bout with Johnny Dundee and even the Cream City sport scribes had to admit that Richie lost by a shade. Any time either of the Mitchell boys lose in Milwaukee by more than a shade decision, it is a knockout.

Charlie Paddock is scheduled to arrive in New York on Friday from Francisco. Well bet the A. A. U. board of directors didn't kick in for a brass band to meet the sprinter.

CINCINNATI WINS 4-3 FROM GIANTS IN 1ST GAME OF SERIES

New York's Lead In Both Leagues Crowded In Consistent Slump

By Associated Press
Chicago—Competition in major league baseball is keener right now than it has been at any time so far this season and the edge is getting sharper in both leagues every day.

Before the season opened it appeared that there would be a lively fight in the American, but mostly for second place; in the National, most critics conceded New York the pennant, hands down—all except Manager McGraw, who repeated that old saw "you never can tell in baseball."

The season is about one-third finished and both New York teams are at the top of the heap but no one will predict how long they will remain there. Both teams are in a slump after starting phenomenally, but the other clubs with four exceptions, are playing hustling baseball, giving all they have against the leaders.

TEAMS ARE BUNCHED
Six games separated the first six teams in the National Thursday, which means that within a week, there could be an altogether different alignment of the standing in that circuit. The Giants dropped first of a series to Cincinnati, 4 to 3, while Pittsburgh was beating the defenseless Phillies 4 to 2, and the gap between first and second place was narrowed to four and one-half games.

Chicago could have been in third place Thursday if it hadn't been for a wallop Brooklyn uncorked when it appeared the wallop was over for the day. The score was 8 to 4 and by it the Robins kept on a tie with Cincinnati for third place. Chicago had won seven consecutive games.

Rogers Hornsby's return to the game after an absence of three weeks was a great stimulus to St. Louis, and Boston took another tumble 3 to 2. Hornsby got three hits in five times up.

In the American, the battle is being fought very hard but the candidates still running as evenly as in the National, though each four games separate first and third place. New York took the opener from St. Louis 5 to 0, mostly because Joe Bush held the Browns to four hits, but Philadelphia also won and still is only three contests behind the league leaders.

An interesting series will get under way in the American Thursday when Philadelphia receives Cleveland in a struggle for second place. Cleveland lost half a game by being idle with Washington but is only one full game behind the Athletics.

Boston took advantage of Washington's off day and climbed a notch by downing Chicago again 10 to 2.

"Red" Russel smashed out a homer with a mate on base which enabled the Pirates to take the first game of the series from the Phillies.

Cy Williams, leading home run hitter in the major leagues has returned to the Phillies' lineup. He failed to get a hit in two times at bat. Williams who had cracked out his twentieth homer last week, has been suffering with a lame back.

Hugh MacQuillan was unable to put down an uprising by the Reds in the third inning and as a result the world champions went down to defeat. It was the sixth straight victory for the Reds, who have not lost a game to any eastern club on their own grounds.

Pete Donohue, star Cincinnati twirler, pitched effectively and held the Giants despite the fact that his mates made four errors behind him.

The league leading Yankees suddenly braced after dropping two games in a row to the Indians and took revenge on the Browns by handing them a whitewash. Bullet Joe Bush held the Browns to four hits, and they were equally divided between Johnny Tobin and Ken Williams.

Ad. Devormer, the Red Sox catcher, discovered that it doesn't pay to push the umpire around when protesting a decision. Umpire Clarence Ransford called Willie Kamm safe after the White Sox star had scored on Strunk's sacrifice, but Devormer didn't agree and left the game on Rowland's order.

Eddie Collins, premier second sacker of the American league continues to shine for the White Sox. The peppery captain bugged a double and two singles in five times up and in addition to fielding brilliantly, with nine chances and no wobbles, he stole an

NO MORE 90,000 CROWDS AT FIGHTS

Rickard Convinced That July 2, 1921, Record Will Stand

New York—The pied-piper whose seductive ballyhoo lured 90,000 people and \$1,500,000 to an erstwhile vacant lot in Jersey City two years ago, has decided to let that achievement stand as the whole world's masterpiece of prize fight promotion and financing.

Hereafter Rickard will build and plan for no greater congregation than 60,000 saps, which is the prizefight patois for saps or wise guys who often pay \$50 each to see a pair of languid youths in a public misanderstanding.

Mr. Rickard first made note of the world's ripe interest in those who are the top of the heap but no one will predict how long they will remain there. Both teams are in a slump after starting phenomenally, but the other clubs with four exceptions, are playing hustling baseball, giving all they have against the leaders.

PUBLIC IS WEAK
Rickard has great faith in the weaknesses of the public. On this one he once staked the not contemptible sum of \$800,000 in guarantees in Jersey. How well he had assayed human nature may be judged from the fact that he and his backers reaped a return of almost 100 per cent. A few times, but only a very few times, he has erred on the side of optimism, as in the case for instance, of Johnny Wilson to see whose moods of war you couldn't get 90,000 people with 90,000 body writs from the Supreme court of the U. S. A.

San Antonio—Ray Long of Kansas City, welterweight, won the decision over Jimmy Conway of Atlanta, in their 12 round bout, according to newspaper men.

other base which already ties his record of last season, when he stole twenty sacks.

George Burns, with a perfect day at bat, making five hits, two of which were doubles in five times up, was very much the works in Boston's victory over Chicago.

Frank Bower, star firstbaseman of the Indians is on the hospital list and will not be able to play for a couple of weeks. An x-ray revealed that Bower broke a small bone in his right shin when he slid into the home plate in Sunday's game at New York.

George Foster, who formerly pitched for the Red Sox, has been given an opportunity to try a comeback with the Vernon club of the Pacific coast league.

The Cardinals have signed Carlisle Littlejohn, star pitcher for two years on the Austin college team. Littlejohn probably will be tried out as an infielder. He is said to be one of the fastest college baseball products of recent years.

MAYEFSKES MEET NEW LONDON SUNDAY

Stormy Kromer Announces Changes In Home Players' Schedule

Several changes have been made in the Home Player schedule for next Sunday. DePere, which had been slated to play the Appleton team, is to play Kaukauna, and the Appleton tribe will meet the New London Cardinals at Brandt park.

The New London boys joined the league only a short time ago, but have been playing good ball since the opening of the season. Manager Mayefskes of the local team has therefore rather increased his practice than let up in it, as he believes that bucking a new team is more uncertain and difficult than playing an old established one whose reputation is known. He has called his team together for a practice game at Jones park at 6:15 Thursday evening and will continue to put them through their paces at each available opportunity.

Chicago—The graduate managing committee of the western conference overruled the protest of Coach Harry Gill of the University of Illinois over the outcome of the recent big ten championship track and field meet and the University of Michigan was formally declared the winner of the contest.
